7th Grade SPED Resource ELA--Reading Curriculum

**Course Description:** 7th Grade English Language Arts--Reading is a course that focuses on creating thoughtful readers. This course emphasizes student reading comprehension across literature and informational text while utilizing a variety of strategies, including text analysis, research, compare/contrast, and story analysis. The ultimate goal is to produce life-long readers who can be successful in future endeavors.

Fall 2018
- Pacing change due to the shift to block scheduling for the 2019-2020 school year

Spring 2017
Unit 1:
- Overview of Unit: Explanation added as to how and why this Unit relates back to a yearly theme of “humanity.”
- Topic 2 - Engaging Experience 1: Detailed Description reworded to stress the need to provide reading material to guide creation of speeches.
- Topic 3 - Engaging Experience 1: Detailed Description reworded to stress the need to provide reading material to guide discussion.
- Engaging Scenario: Notation to see shell course in Schoology for rubric.

Unit 2:
- Overview of Unit: Explanation added as to how and why this Unit relates back to a yearly theme of “humanity.”
- Ongoing Skill Building added. Throughout this unit students should be reading fiction and nonfiction pieces that support the theme of survival.
- Topic 2: Notation added that students could utilize information from survival themed fiction readings in their research, as well.
- Engaging Scenario: Notation to see shell course in Schoology for rubric.

Unit 3:
- Overview of Unit: Explanation added as to how and why this Unit relates back to a yearly theme of “humanity.”

Spring 2016
Unit 1:
- Topics were rearranged
- Topic 2—Articles about communication in different careers were included in the Experience.
- Engaging Scenario was changed by removing an experience from Topic 3 and making it the Engaging Scenario.

Unit 2:
- Pacing for this unit extended to 4-5 weeks.

Unit 3:
- Compare and contract (Dr. Seuss goes to War) moved to final Topic.
- Topic 1: POV and Char—reordered the Engaging Experiences
- Topic 2: Engaging Experience added
- Engaging Scenario: rewritten to combine 2 questions into one

Unit 4:
- Topics were rearranged: 1.) Drama, 2.) Nonfiction, 3.) Poetry
- Drama: Engaging Experience was added
- Nonfiction: Engaging Experience #2 was removed
- Pacing extended to 6-7 weeks

Unit 5:
- Overall pacing was extended
- Topic 1 time frame was extended
Unit 1: Communication in ELA

Subject: Reading
Grade: 7
Name of Unit: Communication in English Language Arts
Length of Unit: 3-4 weeks

Overview of Unit: In this unit students will learn how to communicate both formally and informally in the ELA classrooms. This will allow students to communicate effectively so that their ideas are understood by both peers and teacher, as well as having an ability to understand others in the classroom. The theme of this unit (and an overarching theme for this year in both Reading and Writing) is the concept of “humanity” and encouraging students to discover aspects of their humanity as well as that of others through different aspects of communication (reading, writing, and speaking & listening).

Priority Standards for unit:

- 7.SL.1.A Follow rules for collegial discussions and decision-making, track progress toward specific goals and deadlines, and define individual roles as needed. 7.SL.1.A
- 7.SL.2.C Plan and deliver appropriate presentations based on the task, audience, and purpose including multimedia components in presentations to clarify claims and findings and emphasize significant points.

Supporting Standards for unit:

- 7.SL.1.B Delineate a speaker’s argument and claims, evaluating reasoning in order to pose questions that elicit elaboration and respond to others; questions and comments with relevant observations and ideas that bring the discussion back on topic as needed.
- 7.SL.1.C Acknowledge new information expressed by others including those presented in diverse media and, when warranted, modify their own views.
- 7.SL.2.A Speak clearly, audibly, and to the point, using conventions of language as appropriate to task, purpose, and audience when presenting including appropriate volume at an understandable pace.
- 7.SL.2.B Position body to face the audience when speaking, and make eye contact with listeners at various intervals using effective gestures to communicate a clear viewpoint.
- 7.RL.1.B Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings using context, affixes, or reference materials.
- 7.RL.2.B Analyze how word choice contributes to meaning and tone.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.

**Essential Questions:**

1. How should you communicate in an ELA (Reading & Writing) class?
2. Why is it important to communicate effectively?

**Enduring Understanding/Big Ideas:**

1. To communicate effectively, students need to come to class prepared, follow the rules of discussions, pose questions and respond to others with relevant information.
2. It is important to communicate effectively so students’ ideas are understood and they can understand the ideas of others.

Resources for Vocabulary Development:

- Students should be familiar with the following vocabulary strategies by the end of the year in order to be able to determine strategies that are the most successful for their learning styles:
  - Lotus
  - Concept Map
  - Frayer Model
  - Affinity Diagram
  - Root Analysis
  - Word Mapping
Topic 1: Presentation Techniques

Engaging Experience 1
Title: About Me Meme
Suggested Length of Time: 120-135 minutes

Standards Addressed

Priority:
- 7.SL.2.C Plan and deliver appropriate presentations based on the task, audience, and purpose including multimedia components in presentations to clarify claims and findings and emphasize significant points.

Supporting:
- 7.SL.2.A Speak clearly, audibly, and to the point, using conventions of language as appropriate to task, purpose, and audience when presenting including appropriate volume at an understandable pace.
- 7.SL.2.B Position body to face the audience when speaking, and make eye contact with listeners at various intervals using effective gestures to communicate a clear viewpoint.
- 7.RI.2.B Analyze how word choice contributes to meaning and tone.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.

Detailed Description/Instructions: Students will create a meme explaining how they are seen by six groups of people: world, teachers, parents, friends, me, reality. (These six groups can be customized by each student. For example, replacing “world” with “my teammates.”) The title of the meme should be the student’s first and last name. They should include six pictures or GIFS, each with a corresponding caption such as “How my parents see me.” (Use pictures as a gateway to teach students how to create meaning and tone.) Once created, students will present this to the class explaining why they chose each picture and how it best represents that part of them.

Bloom’s Levels: Apply, Create
Webb’s DOK: 2, 3
Engaging Experience 1
Title: 60 Second Speech
Suggested Length of Time: 160-225 minutes

Standards Addressed

Priority:
- 7.SL.2.C Plan and deliver appropriate presentations based on the task, audience, and purpose including multimedia components in presentations to clarify claims and findings and emphasize significant points.

Supporting:
- 7.SL.2.A Speak clearly, audibly, and to the point, using conventions of language as appropriate to task, purpose, and audience when presenting including appropriate volume at an understandable pace.
- 7.SL.2.B Position body to face the audience when speaking, and make eye contact with listeners at various intervals using effective gestures to communicate a clear viewpoint.
- 7.RL.1.B Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings using context, affixes, or reference materials.
- 7.RI.2.B Analyze how word choice contributes to meaning and tone.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.

Detailed Description/Instructions: First, give students multiple articles on various careers and communication is used within that profession. Students will create and give a 60 seconds speech to tell their peers and teachers what they want to do with their life and explain how communication will be important in that career choice. Students should focus on using word choice that presents communication and their chosen career in a positive light. They should also use evidence from articles read to support their reasoning.

RESOURCE MODIFICATION: If you have students who cannot complete this as an individual, consider having students complete 1 on 1 speeches with the teacher or with a partner.

Bloom’s Levels: Apply, Create, Analyze
Webb’s DOK: 2, 3
Topic 3: Rules of a Conversation & Group Dynamics

Engaging Experience 1
Title: Analyzing a Conversation
Suggested Length of Time: 40-45 minutes

Standards Addressed

Priority:

- 7.SL.1.A Follow rules for collegial discussions and decision-making, track progress toward specific goals and deadlines, and define individual roles as needed.

Supporting:

- 7.SL.1.B Delineate a speaker’s argument and claims, evaluating reasoning in order to pose questions that elicit elaboration and respond to others; questions and comments with relevant observations and ideas that bring the discussion back on topic as needed.

Detailed Description/Instructions: Students will watch and analyze pre-recorded conversations. One conversation should be a good example, and one conversation should be a bad example. Additional examples could be added depending on student need.

Bloom’s Levels: Understand, Analyze
Webb’s DOK: 2, 3

Engaging Experience 2
Title: Group Conversation Experience
Suggested Length of Time: 120-135 minutes

Standards Addressed

Priority:

- 7.SL.1.A Follow rules for collegial discussions and decision-making, track progress toward specific goals and deadlines, and define individual roles as needed.

- 7.SL.2.C Plan and deliver appropriate presentations based on the task, audience, and purpose including multimedia components in presentations to clarify claims and findings and emphasize significant points.

Supporting:

- 7.SL.1.B Delineate a speaker’s argument and claims, evaluating reasoning in order to pose questions that elicit elaboration and respond to others; questions and comments with relevant observations and ideas that bring the discussion back on topic as needed.

- 7.SL.1.C Acknowledge new information expressed by others including those presented in diverse media and, when warranted, modify their own views.
● 7.SL.2.A Speak clearly, audibly, and to the point, using conventions of language as appropriate to task, purpose, and audience when presenting including appropriate volume at an understandable pace.
● 7.SL.2.B Position body to face the audience when speaking, and make eye contact with listeners at various intervals using effective gestures to communicate a clear viewpoint.
● 7.RL.1.B Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings using context, affixes, or reference materials.
● 7.RL.2.B Analyze how word choice contributes to meaning and tone.

ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.

**Detailed Description/Instruction**: Students should be preassigned topics and given corresponding nonfiction passages to read and annotate. The purpose of these articles is to give students evidence to use within a fishbowl discussion. Students placed inside the fishbowl will participate in a collegial discussion on the preassigned topic. Students outside the fishbowl will evaluate the conversations that take place.

**Bloom’s Levels**: Apply, Analyze

**Webb’s DOK**: 3, 4
Engaging Scenario

Engaging Scenario (An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

Socratic Seminar

- Students will engage in two Socratic Seminars which focus on one essential question: Was the character in (story title) an effective communicator? This question should be applicable to two short stories or articles so each group in the middle is focused on a different piece of writing.

- Students on the inside of the circle will need to use evidence and findings from the text to support their claims and reasoning. Students on the outside of the circle will 1) evaluate the communication skills of those sharing, and 2) contribute meaningfully to the conversation via Today’s Meet or paper.

Rubric for Engaging Scenario: Please see shell course in Schoology.

Subject: Reading
Grade: 7
Name of Unit: Information Literacy - Research and Critical Thinking
Length of Unit: 4-5 weeks

Overview of Unit: Students will learn to analyze informational texts about survival for relevant information and evaluate the credibility of sources. After this they will use research skills to gather their own relevant information from credible sources to ultimately create a “how to survive” presentation to their peers as described in the Engaging Scenario. Each Engaging Experience in this unit leads to the completion of the Engaging Scenario. To tie this back into the theme of “humanity,” students will explore how the ability to research and communicate through reading helps to deepen our understanding of the world, both elements that are known and experienced personally and those that are unknown. This will be further supported by having student simultaneously participating lit circles focused on survival.

Priority Standards for unit:
- 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
- 7.RL.1.D Explain the central/main idea(s) of a text and explain the relationship between the central idea(s) and supporting evidence; summarize the text distinct from personal opinions.
- 7.W.1.A Conduct research to answer a question; gather relevant sources, print and digital; integrate information using a standard citation system. Gather relevant information from multiple print and digital sources, using search terms effectively; assess the credibility and accuracy of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and following a standard format for citation.

Supporting Standards for unit:
- 7.RL.1.C Interpret visual elements of a text and draw conclusions from them (when applicable).
- 7.RI.1.C Interpret visual elements of a text including those from different media and draw conclusions from them (when applicable).
- 7.RI.2.B Analyze how an author develops his/her point of view or purpose and distinguishes it from those of others.
- 7.SL.1.C Acknowledge new information expressed by others including those presented in diverse media and, when warranted, modify their own views.
- 7.SL.2.A Speak clearly, audibly, and to the point, using conventions of language as
appropriate to task, purpose, and audience when presenting including appropriate volume at an understandable pace.

- 7.SL.2.B Position body to face the audience when speaking, and make eye contact with listeners at various intervals using effective gestures to communicate a clear viewpoint.
- ISTE-EMPOWERED LEARNER.1: Students leverage technology to take an active role in choosing, achieving and demonstrating competency in their learning goals, informed by the learning sciences.
- ISTE-DIGITAL CITIZEN.2: Students recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world, and they act and model in ways that are safe, legal and ethical.
- ISTE - KNOWLEDGE COLLECTOR.3: Students critically curate a variety of resources using digital tools to construct knowledge, produce creative artifacts and make meaningful learning experiences for themselves and others.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

**Analysis of the text**

- **Support**
  - Understand the central/main idea(s) of a text
  - Explain the relationship between the central idea(s) and supporting evidence
  - Summarize the text distinct from personal opinions.
  - Conduct research to answer a question
  - Gather relevant sources, print and digital; information using a standard citation system.
  - Integrate relevant information from multiple print and digital sources.
  - Use search terms effectively;
  - Assess the credibility and accuracy of each source
  - Quote the data and conclusions of others
  - Paraphrase plagiarism
  - Follow a standard format for citation

- **Evaluate**
  - Understand the relationship between the central idea(s) and supporting evidence
  - Assess the credibility and accuracy of each source
  - Evaluate the data and conclusions of others
  - Apply relevant information from multiple print and digital sources,
  - Apply information using a standard citation system.

**Essential Questions:**
1. How do you find information to support a given topic?
2. Why do you need to determine if information is credible and relevant?
3. How do you know if information is credible and relevant?

**Enduring Understanding/Big Ideas:**
1. To successfully find information, you must use appropriate search terms to locate information from a variety of print and digital resources.
2. Credible and relevant information is necessary to make informed, realistic, and safe decisions.
3. You can recognize credible and relevant information by evaluating the author and source

Ongoing Skill Building

Standards Addressed
Priority:
- Read and comprehend literature, including stories, dramas, and poems, independently and proficiently. (7.RL.3.D)

Detailed Description/Instructions: Students should be reading fiction and creative nonfiction pieces that support the theme of survival.
**Engaging Experience 1**

**Title:** Group vs. Individual Survival  
**Suggested Length of Time:** 160-225 minutes

**Standards Addressed**

**Priority:**
- 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
- 7.RL.1.D Explain the central/main idea(s) of a text and explain the relationship between the central idea(s) and supporting evidence; summarize the text distinct from personal opinions.
- 7.W.1.A Conduct research to answer a question; gather relevant sources, print and digital; integrate information using a standard citation system. Gather relevant information from multiple print and digital sources, using search terms effectively; assess the credibility and accuracy of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and following a standard format for citation.

**Supporting:**
- 7.RL.1.C Interpret visual elements of a text and draw conclusions from them (when applicable).
- 7.R1.1.C Interpret visual elements of a text including those from different media and draw conclusions from them (when applicable).
- 7.R1.2.B Analyze how an author develops his/her point of view or purpose and distinguishes it from those of others.

**Detailed Description/Instructions:** Students should read a minimum of 3-5 nonfiction articles: at least one addressing a group survival situation, at least one credible source addressing an individual survival situation, and at least one questionable or “poor” source. With teacher guidance, students are to read each articles looking for key events that demonstrate successful survival strategies. Additionally, students should examine the source of the article to determine its credibility.

**RESOURCE MODIFICATION:** Consider modifying the number of nonfiction articles to 2-3.

**Bloom’s Levels:** Analyze, Evaluate

Topic 2: Research

Engaging Experience 1
Title: Knowing your Location
Suggested Length of Time: 2 weeks

Standards Addressed

Priority:

- 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
- 7.RL.1.D Explain the central/main idea(s) of a text and explain the relationship between the central idea(s) and supporting evidence; summarize the text distinct from personal opinions.

- 7.R1.1.C Interpret visual elements of a text including those from different media and draw conclusions from them (when applicable).
- 7.R1.2.B Analyze how an author develops his/her point of view or purpose and distinguishes it from those of others.
- 7.SL.1.C Acknowledge new information expressed by others including those presented in diverse media and, when warranted, modify their own views.
- ISTE-EMPOWERED LEARNER.1: Students leverage technology to take an active role in choosing, achieving and demonstrating competency in their learning goals, informed by the learning sciences.
- ISTE-DIGITAL CITIZEN.2: Students recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world, and they act and model in ways that are safe, legal and ethical.
- ISTE - KNOWLEDGE COLLECTOR.3: Students critically curate a variety of resources using digital tools to construct knowledge, produce creative artifacts and make meaningful learning experiences for themselves and others.
**Detailed Description/Instructions:** After choosing a survival experience, as referenced in the Engaging Experience, students should research information about their chosen region (climate, natural disasters, terrain, natural resources, etc.) to determine the best means of survival. Students will need to find information about the region in which the tragedy has taken place. Students will need to prove that their chosen sources are credible and will need to cite their sources on a Works Cited page using MLA format. (This is information that will be taught directly in ELA Writing.) Students should also be given a note taking device to gather evidence to support their survival plan. The teacher should help guide each student with analyzing the articles used for relevant information.

*NOTE: This is a perfect opportunity to collaborate between Reading and Writing. During this time in ELA students will be creating a small research project of their choice.*

Supporting:

- 7.SL.2.A Speak clearly, audibly, and to the point, using conventions of language as appropriate to task, purpose, and audience when presenting including appropriate volume at an understandable pace.
- 7.SL.2.B Position body to face the audience when speaking, and make eye contact with listeners at various intervals using effective gestures to communicate a clear viewpoint.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Detailed Description/Instructions: After gathering a sufficient amount of evidence, students are to create a how-to presentation for their peers that will explain how they will survive their given scenario. Within the presentation students should include parenthetical documentation at the bottom of each necessary slide, and a full Works Cited page at the end of the presentation. Additionally, all information included in the presentation should be relevant to the topic.

Engaging Scenario

Engaging Scenario (An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

SURVIVAL

- Student-chosen groups (determined after Topic 1) select a random scenario from a predetermined list. Each scenario would include a tragedy, location, and available resources.
  - Sample scenario: You were in a plane crash in the Sahara Desert. Unfortunately, the contents of the cargo department were completely destroyed by a fire, but all items in the cockpit and cabin are scattered, but survived.
  - INTERDISCIPLINARY OPPORTUNITY: Work with your Social Studies teacher to make scenarios based on different cultures/geographic regions.

- Students are to create a presentation explaining how they would survive this tragedy.
- Student presentations would need to include credible, reliable sources.

Students will need to find information about the region in which the tragedy has taken place. Students will need to prove that their chosen sources are credible and will need to cite their sources on a Works Cited page using MLA format. (This is information that will be taught directly in ELA Writing.) Students should also be given a note taking device to gather evidence to support their survival plan. The teacher should help guide each student with analyzing the articles used for relevant information.

Unit 3: Elements of Literature

Subject: Reading  
Grade: 7  
Name of Unit: Elements of Literature  
Length of Unit: 8-9 weeks  
Overview of Unit: Ultimately students will learn about the importance of literature in our everyday lives by examining a variety of texts. Students will first analyze how characterization is influenced by point of view. Students will then analyze how different elements like setting and characters interact with each other. Next, students will learn how to determine the theme of a text and how it is developed. Lastly, students will compare fictional texts to actual historical events. This unit should relate to the theme of “humanity” by using literature to provide entertaining and thought-provoking avenues to deepen our understanding of the world, both elements that are known and experienced personally and those that are unknown.

Priority Standards for unit:

● 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
● 7.RL.1.D Using appropriate text, determine the theme(s) of a text and explain the relationship between the theme(s) and supporting evidence; summarize the text distinct from personal opinions.
● 7.RL.2.B Analyze how an author develops and contrasts the points of view of different characters or narrators in a text.
● 7.RL.2.D Analyze how the setting, characters, and plot of a text affect each other and contribute to meaning.

Supporting Standards for unit:

● 7.RL.1.B Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings using context, affixes, or reference materials.
● 7.RL.2.C Analyze how specific word choices contribute to meaning and tone.
● 7.RL.3.A Compare and contrast a written story, drama, or poem to its audio, filmed, staged, or multimedia version, analyzing how the techniques unique to each medium contribute to meaning.
● 7.RL.3.B Compare and contrast a fictional portrayal of a time, place, or character with realistic accounts of the same subject matter.
● 7.RL.3.C Explain how characters and settings reflect historical and/or cultural contexts.
● 7.RL.3.D Read and comprehend literature, including stories, dramas, and poems.
- 7.RI.3.B Compare and contrast information presented in different mediums and analyze how the techniques unique to each medium contribute to meaning.
- 7.SL.2.A Speak clearly, audibly, and to the point, using conventions of language as appropriate to task, purpose, and audience when presenting including appropriate volume at an understandable pace.
- 7.SL.2.B Position body to face the audience when speaking, and make eye contact with listeners at various intervals using effective gestures to communicate a clear viewpoint.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Essential Questions:
1. Why would an author choose to communicate through fictional text?
2. Why is it important to know how an author develops a story?

Enduring Understanding/Big Ideas:
1. Seeing how a character handles a particular situation in fictional text, can help one to evaluate how decisions can and should be made in a real-life scenario.
2. Knowing how particular literary elements are used within a fictional story can help the reader to better understand and appreciate the characters and overall message within the story.

Engaging Experience 1
Title: Battle at Kruger
Suggested Length of Time: 40-90 minutes

Standards Addressed

Priority:
● 7.RL.2.B Analyze how an author develops and contrasts the points of view of different characters or narrators in a text.
● 7.RL.2.D Analyze how the setting, characters, and plot of a text affect each other and contribute to meaning.

Supporting:
● 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
● ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
● ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Detailed Description/Instructions: First, students are to watch “Battle at Kruger” (https://www.youtube.com/watch?v=LU8DDYz68kM&safe=active). After watching the video, have students travel to different stations. These stations should represent the different “characters” in the story: lion, adult water buffalo, baby water buffalo, and alligator/crocodile. At each station, students should discuss the advantages and disadvantages of having this particular character narrate the story. What does this character’s point of view bring to the story? What does this character’s point of view leave out of the story? After visiting each station, students are to determine which character would be best to narrate the story, including the option of none of them. They are to explain why their decision is the best using evidence from the text (video) and their knowledge of narrator point of view.

**Title:** Importance of Character Perspective

**Suggested Length of Time:** 2-3 minutes

**Standards Addressed**

*Priority:*
- 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
- 7.RL.2.B Analyze how an author develops and contrasts the points of view of different characters or narrators in a text.
- 7.RL.2.D Analyze how the setting, characters, and plot of a text affect each other and contribute to meaning.

*Supporting:*
- 7.RL.3.D Read and comprehend literature, including stories, dramas, and poems, independently and proficiently.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

**Detailed Description/Instructions:** After students have taken notes on reviewing the different points of view (first person, second person, third person objective, limited, and objective) of the narrator and reviewing the different types of character (dynamic, static), students are to examine different characters within a story. (The story used should have multiple dynamic characters.) First students should identify the point of view of the narrator and determine how that can and cannot be advantageous to the reader. What is it the reader knows because of the narrator? What does the reader not know because of the narrator? Next, create different stations for each dynamic character, not including the narrator if the story is written in first person. At each station, have student groups discuss how each character responds to a specific event from the story. (Variation: Each station has a specific event and discussion can focus on multiple character responses to the event.) Have each group complete a statement similar to “This character feels ___ about this event because ___, ___, ___. “ The evidence provided for the statement should be a mixture of information stated explicitly in the text and inferences drawn from the text. Lastly, students will need to compare all character responses evaluated and make a claim as to which character would be the least qualified to be the new narrator of the story. They would need to support their claim with evidence from the story and knowledge of point of view.

Title: Scooby-Doo, Can I Learn from You?
Suggested Length of Time: 80-90 minutes

Standards Addressed

**Priority:**
- 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
- 7.RL.2.D Analyze how the setting, characters, and plot of a text affect each other and contribute to meaning.

- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Detailed Description/Instructions: Have students watch the following clip of Scooby-Doo chase scenes: [https://www.youtube.com/watch?v=Ci1M_bbdeZI](https://www.youtube.com/watch?v=Ci1M_bbdeZI). (Other similar clips or episodes would work as well.) While watching, using a structured note sheet, have students analyze the setting of each chase scene. What is the time of day? Where are they located? Students should realize that the setting is almost always dark and in a location that is abandoned or isolated. How do these settings contribute to the “scary” setting? How would the story change if the setting was bright/sunny and/or populated? How would the characters’ actions and reactions change with this change of setting? Next, have students rotate to different stations to analyze the characters: Shaggy/Scooby, Fred, Velma, and Daphne. At each station, students should list character traits of the character. Each character trait/description should be supported with textual evidence. For each of these traits, students should then examine how the plot of the story would be both positively and negatively impacted. For example, if Shaggy were intelligent, many problems would be completely avoided; however, he would not be as endearing of a character.

- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Detailed Description/Instructions: (Prior to this Engaging Experience students will need to take notes on what theme is and is not and the basics of how to find theme.) Students will be given 4-5 short stories to read and a list of theme roots. After reading each story, student groups are to match the theme root (a one-word theme) with the appropriate story. Next students need to expand on the theme root by explaining what the author is trying to convey about the theme root. Finally, students should finish this stem sentence for each story: The theme of this story is ________. I know this because ____, ____, and _____. The support given should be pieces of textual evidence stated explicitly and/or inferences drawn from the text.

RESOURCE MODIFICATION: Consider having students read 2-3 short stories.

Each essential question requires a well written, evidence based paragraph, for a total of four paragraphs.

- Why would an author choose to communicate through fictional text?
- Why is it important to know how an author develops a story?
- How does an understanding of characters help us function better in our own lives?

Unit 4: Text Structures

Subject: Reading
Grade: 7
Name of Unit: Text Structures
Length of Unit: 6-7 weeks

Overview of Unit: Students will learn how to analyze the different structures of writing, focusing on nonfiction articles, drama, and poetry (songs). Students will then take their knowledge of these structures to examine the topic of beauty. They will discover how different types of writing address this topic differently. This unit should relate to the theme of “humanity” by using literature to provide entertaining and thought provoking avenues to deepen our understanding of the world, both elements that are known and experienced personally and those that are unknown. *NOTE: During Unit #4, the ELA writing teachers will be covering poetry, word choice, and figurative language in depth.

Priority Standards for unit:
- 7.RL.2.A Analyze how a text’s form or overall structure contributes to meaning.
- 7.RL.2.C Analyze how specific word choices contribute to meaning and tone.
- 7.RL.2.A Analyze how a text’s organization or overall structure contributes to meaning.

Supporting Standards for unit:
- 7.RL.1.B Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings using context, affixes, or reference materials.
- 7.RL.3.A Compare and contrast a written story, drama, or poem to its audio, filmed, staged, or multimedia version, analyzing how the techniques unique to each medium contribute to meaning.
- 7.RL.3.B Compare and contrast information presented in different mediums and analyze how the techniques unique to each medium contribute to meaning.
- 7.RL.3.D Read and comprehend literature, including stories, dramas, and poems, independently and proficiently.

### Essential Questions:
1. Why is it necessary to understand the structure of a piece of writing?
2. How does the structure of a piece of writing affect the reader’s experience with the text?

### Enduring Understanding/Big Ideas:
1. Different structures appeal to different methods of readers’ understanding.
2. Understanding the structure of a text helps one to understand the author’s purpose.

Title: What’s with all the Drama?
Suggested Length of Time: 120-180 minutes

Standards Addressed

Priority:
- 7.RL.2.A Analyze how a text’s form or overall structure contributes to meaning.
- 7.RI.2.A Analyze how a text's organization or overall structure contributes to meaning.

Supporting:
- 7.RL.3.B Compare and contrast information presented in different mediums and analyze how the techniques unique to each medium contribute to meaning.
- 7.RL.3.D Read and comprehend literature, including stories, dramas, and poems, independently and proficiently.
- ISTE-DIGITAL CITIZEN.2: Students recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world, and they act and model in ways that are safe, legal and ethical.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Detailed Description/Instructions: After providing students with a guided note-taking experience that covers the specific parts to a drama (e.g., stage directions, dialogue), have them read a short drama, annotating the different parts of the play. Students can be assigned roles in the play. The purpose of this is for each student to analyze how, if they were actors, they would know where to go, what to say, and how to say it.

Suggested Length of Time: 80-135 minutes

Standards Addressed

Priority:
- 7.RL.2.A Analyze how a text’s form or overall structure contributes to meaning.
- 7.RL.2.A Analyze how a text’s organization or overall structure contributes to meaning.
Supporting:

- 7.RL.3.A Compare and contrast a written story, drama, or poem to its audio, filmed, staged, or multimedia version, analyzing how the techniques unique to each medium contribute to meaning.
- 7.RL.3.B Compare and contrast information presented in different mediums and analyze how the techniques unique to each medium contribute to meaning.
- 7.RL.3.D Read and comprehend literature, including stories, dramas, and poems, independently and proficiently.

Detailed Description/Instructions: Students will be reading one or two scenes of a movie or TV show script and comparing it to the filmed version. For a wide variety of scripts go to www.imsdb.com or www.simplyscripts.com. First, using a structured note sheet, students should examine how the script is structured, specific to scenes, narration, dialogue, and stage direction to get the desired emotions from the actors and directors. Next, using a similar note sheet, students should watch the scene/show and examine how lighting, sound, color and camera focus was used to evoke the desired emotion from the audience.

**Detailed Description/Instructions:** Provide student groups with a variety of scenarios, such as “You are walking home after school and find some friends partaking in a spectacularly stupid event.” Have student groups of 2-3 select their scenario. Next, they are to create a script, complete with dialogue, stage directions, and scene description. After student groups have finished their script, have them trade with another group. This new group will read, study, practice, and then perform the original script. Student writers and audience members will determine how successful the script was based on the performance.

Detailed Description/Instructions: Students will be given four articles that focus on the four basic structures of nonfiction writing: sequential, compare/contrast, problem/solution, cause and effect. On day one, students be given a structured note-taking device that helps them to outline the key components of sequential writing. Next, as a whole class, have students read an article that is arranged sequentially. The teacher should guide the student in identifying specific words and transitions that are specific to sequential writing (e.g., first, second, last, finally). The overall structure of the article should be analyzed as well, focusing on how each paragraph ties back to the introduction/thesis, and the conclusion provides a final, summarizing thought. After annotating the text, the class should create a list of situations where this type of writing would be most beneficial (e.g., recipes, directions). On day three, follow the same pattern of note-taking, annotation, and brainstorming for a compare/contrast article. Day five should focus on a problem/solution article, and day seven should focus on a cause/effect article.

NOTE: Using themed articles would be beneficial, but not necessary.

- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Detailed Description/Instructions: Prior to this experience, students should know how songs are usually structured lyrically, focusing on verse and chorus. (The verse tells the story; the chorus is the summary of the song’s story.) Students will travel to four different stations to examine the power of words within a song. (More stations could be added at teacher discretion.) Each station should represent a different emotion: love, hate, sadness, joy. At each station student groups should examine how the assigned emotion is portrayed within the lyrics of the song. Students should pay close attention to the specific word choice (figurative language) and repetition used. Next, for each song at the station, students should determine the most powerful word/phrase within the song. They should be able to explain why this word/phrase is the most powerful within the song.

RESOURCE MODIFICATION: Consider having students complete this as a class rather than at stations. Focus on figurative language as you work with students.

Engaging Scenario

Engaging Scenario (An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

Students will explore a concept – such as beauty, courage, strength, etc. – by focusing on how the concept is expressed in nonfiction and poetry. Students will need to create the nonfiction portion and find the poetic portion of this scenario.

- Students may select their own concept. (Teacher may wish to provide a list.)
- Students will write 1-2 paragraphs on the concept using the nonfiction text structure of their choosing.
- Students will need to find a poem they feel best represents this concept. They should write one paragraph explaining why this poem best captures the concept, focusing on word choice (figurative language) and/or repetition.
- Lastly, on the due date, students will be randomly assigned a nonfiction text structure in which they will need to write 1 paragraph on their concept and its impact on the world around this. (Think of this as the “writing on demand” or timed writing piece of this final project.)

Unit 5: Analysis of the Argument

Subject: Reading  
Grade: 7  
Name of Unit: Analysis of the Argument  
Length of Unit: 2-3 weeks

Overview of Unit: Students will first analyze the argument of multiple provided articles. They will then focus on their own topic and work to create an argument for both sides of topic. Both arguments will be shared visually in a gallery walk. To tie this back into the theme of “humanity”, students will explore their own rights as students by exploring a variety of texts and creating their own argumentative piece focused on issues directly related to them.

Priority Standards for unit:

- 7.RL.2.D Evaluate an author’s argument, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.
- 7.SL.1.B Delineate a speaker’s argument and claims, evaluating reasoning in order to pose questions that elicit elaboration and respond to others; questions and comments with relevant observations and ideas that bring the discussion back on topic as needed.

Supporting Standards for unit:

- 7.RL.1.B Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings using context, affixes, or reference materials.
- 7.RI.2.B Analyze how an author develops his/her point of view or purpose and distinguishes it from those of others.
- 7.RI.2.C Analyze how word choice contributes to meaning and tone.
- 7.SL.1.C Acknowledge new information expressed by others including those presented in diverse media and, when warranted, modify their own views.
- ISTE-DIGITAL CITIZEN.2: Students recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world, and they act and model in ways that are safe, legal and ethical.
- ISTE - KNOWLEDGE CONSTRUCTOR.3: Students critically curate a variety of resources using digital tools to construct knowledge, produce creative artifacts and make meaningful learning experiences for themselves and others.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Detailed Description/Instructions: Students will be given two arguments addressing the same topic. (Suggested source: www.procon.org; Topic of arguments should be student-related issues.) These arguments should have a problem/solution structure. With teacher guidance, students should examine how each argument is structured: problem defined, solution proposed, reasons for proposed solution provided. With the use of a structured note-taking device, students should examine how each author emphasizes different evidence or how they interpret the same facts differently. Students should then determine if the reasons provided are relevant and if they provide enough reason for the proposed solution. (This engaging experience should be repeated with different articles, as needed for student understanding.)

RESOURCE MODIFICATION: Consider doing this as a class.

Engaging Scenario (An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

Student pairs will examine both sides of a school-related argument (e.g., dress code, passing time, phones in class). They will collect information from nonfiction reading, interviews, and self-created student surveys. They will then create a visual display (infographic) for each side of the argument which clearly states the problem and their sufficiently supported solution. The target audience for this scenario is the school’s administrative team. Students will display their final products for a gallery walk, in which principals should be invited to create an authentic audience.

Unit 6: Culminating Unit: What Does It Mean to Be a Reader?

Subject: Reading
Grade: 7
Name of Unit: Culminating Unit: What Does It Mean to Be a Reader?
Length of Unit: 7-9 weeks

Overview of Unit: Students will select a minimum of 2 dystopian novels to read, analyze, and produce a project related to as a culminating project - proof of all they have learned throughout the course of the year. To connect with the theme of “humanity”, students will explore how different aspects of countries (both real-world and dystopian) impact the human condition.

Priority Standards for unit:
- 7.RL.3.D Read and comprehend literature, including stories, dramas, and poems, independently and proficiently.

Supporting Standards for unit:
- 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
- 7.RL.1.C Explain the central/main idea(s) of a text and explain the relationship between the central idea(s) and supporting evidence; summarize the text distinct from personal opinions.
- 7.RL.1.D Using appropriate text, determine the theme(s) of a text and explain the relationship between the theme(s) and supporting evidence; summarize the text distinct from personal opinions.
- 7.RL.2.A Analyze how a text’s form or overall structure contributes to meaning.
- 7.RL.2.B Analyze how an author develops and contrasts the points of view of different characters or narrators in a text.
- 7.RL.2.C Analyze how specific word choices contribute to meaning and tone.
- 7.RL.2.D Evaluate an author’s argument, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.
- 7.RL.2.D Analyze how the setting, characters, and plot of a text affect each other and contribute to meaning.
- 7.RI.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
- 7.RL.2.A Analyze how a text’s organization or overall structure contributes to meaning.
- 7.W.1.A Conduct research to answer a question; gather relevant sources, print and digital; integrate information using a standard citation system. Gather relevant information from
multiple print and digital sources, using search terms effectively; assess the credibility and accuracy of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and following a standard format for citation.

- 7.SL.1.A Follow rules for collegial discussions and decision-making, track progress toward specific goals and deadlines, and define individual roles as needed.
- 7.SL.1.B Delineate a speaker’s argument and claims, evaluating reasoning in order to pose questions that elicit elaboration and respond to others; questions and comments with relevant observations and ideas that bring the discussion back on topic as needed.
- 7.SL.2.C Plan and deliver appropriate presentations based on the task, audience, and purpose including multimedia components in presentations to clarify claims and findings and emphasize significant points.
- ISTE - DIGITAL CITIZEN.2: Students recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world, and they act and model in ways that are safe, legal and ethical.
- ISTE - KNOWLEDGE CONSTRUCTOR.3: Students critically curate a variety of resources using digital tools to construct knowledge, produce creative artifacts and make meaningful learning experiences for themselves and others.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.

**Essential Questions:**

1. How does language influence the world?
2. How do the universal truths discovered by characters in dystopian novels influence and connect to me?
3. How can your words have an impact on the world?

**Enduring Understanding/Big Ideas:**

1. Language influences the world because of its ability to create images, inspire emotional
responses, shift thinking, and draw people together in pursuit of a common goal. Language surrounds us every day and our thoughts, actions, behaviors, and feelings are largely dictated by the words we see and hear.

2. Universal truths, such as fighting for justice, self-discovery, the value of truth, etc., discovered by characters in novels influence the thinking of the audience by immersing the reader in the struggles of the characters and allowing the lessons learned by the characters to be learned by the audience as well. By examining characters in novels, we learn more about ourselves and can choose to alter our own beliefs based on what has been learned.

3. Learning to communicate effectively is powerful. When we understand how to construct words in meaningful and purposeful ways, whether in speaking or in writing, we harness the power to influence the thinking, actions, and behaviors of others.

Topic 1: Dystopian Novel Analysis

**RESOURCE MODIFICATION:** Consider if this theme is appropriate for your students. Substitute a different genre if necessary.

*Note: Each experience in this unit is a stepping stone toward the Engaging Scenario at the end of the unit. To begin the unit, the following resources and notes may be a great help:

  - Note: This unit is designed for students to read more than one dystopian novel.
  - Note: Mid Continent does a fantastic job of getting copies of these books for use in classrooms. However, with as many students as will be completing this unit at the same time, it will be necessary to begin building a classroom library of titles or have students purchase and/or donate copies of the books.
  - Book Trailers & Author Interviews - Before beginning, these trailers may be helpful to show students before they select their first novel.
    - [https://docs.google.com/document/d/1vXhr6LbLFBLNATlvCAWJS8p5bfbMmniB5gd5IK0SBc/edit?usp=sharing](https://docs.google.com/document/d/1vXhr6LbLFBLNATlvCAWJS8p5bfbMmniB5gd5IK0SBc/edit?usp=sharing)
    - Note: Author interviews can also be used in helping students determine why authors made the choices they did in their novels, further deepening their analysis of their novels!

- This unit requires a great deal of deep discussion among students. For this reason, students are usually grouped based on a novel they would all like to read and then as they read novels past their first, they would be able to select any approved title they prefer. Many discussions happen in these “homogeneous” groups. It is also beneficial to add discussions where students are grouped based on all different titles in order to force students to make connections among the other types of dystopian novels being read.
  - Sample Unit Calendar - [https://docs.google.com/document/d/1vZtvu5qivKF-Y5_38moeJ42S40-m8C34r8LKBgJ7l/edit?usp=sharing](https://docs.google.com/document/d/1vZtvu5qivKF-Y5_38moeJ42S40-m8C34r8LKBgJ7l/edit?usp=sharing)
    - Note: This calendar includes MAP testing days and other quizzes you may or may not choose to give! It is simply a sample calendar to show the number of in-class reading days, stations days, etc.

  - Note: Experiences are designed to go in numerical order. However, beginning with Experience 3a, teachers may choose to complete the Experience 3 activities in any order they choose. These are designed as stations or mini-projects for students to process and discuss items in class. Teacher discretion is encouraged as students work through the
novels!

Engaging Experience 1
Title: What is a Dystopia?

Suggested Length of Time: 40-45 minutes to create and then continuously used throughout the unit

Standards Addressed

Priority:

● 7.RL.3.D Read and comprehend literature, including stories, dramas, and poems, independently and proficiently.

Supporting:

● 7.SL.1.A Follow rules for collegial discussions and decision-making, track progress toward specific goals and deadlines, and define individual roles as needed.

● 7.SL.2.C Plan and deliver appropriate presentations based on the task, audience, and purpose including multimedia components in presentations to clarify claims and findings and emphasize significant points.

● ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.

● ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Detailed Description/Instructions: Pose the question to students: What is a dystopia? Allow students to research in groups and come up with their own working answer. Based on student answers, present the list of characteristics below and have students compare their answers to the list. Ask students to create a chart as a group to determine what real world examples and fictional examples (what students have read and watch) meet those criteria. The goal of this lesson is to get students thinking about how many aspects of dystopias are not so unrealistic and have more implications than just providing entertaining reading.

● Dystopian characteristics
  ○ An imaginary/futuristic setting in a world of extremes
  ○ A powerful oppressor
  ○ Specific idea or ideas that are being criticized
  ○ Dehumanization of society
  ○ Decay of morals and values
Distorted concept of humanity
- Concept of reality is questioned

**Standards Addressed**
**Priority:**
- 7.RL.3.D Read and comprehend literature, including stories, dramas, and poems, independently and proficiently.

**Supporting:**
- Depending on the design of the booklet, it could incorporate each of the supporting standards on different pages.

**Detailed Description/Instructions:** During the entire unit, students will be utilizing a journal to answer questions, record thoughts, reflect on specific questions, and analyze various portions of the novel and related materials. The goal is to use the journal to monitor student thinking. This could be done in any way you see fit, but some general guidelines include:
  - room for about 10 pages (5 sheets of paper, folded in ½, and stapled together)
  - headings for a majority of the pages to keep students focused

- Example: [https://docs.google.com/document/d/1x16DY2r4EQAsfHhEKi2rgKtE9vVCSXrwprZtYtleEsM/edit?usp=sharing](https://docs.google.com/document/d/1x16DY2r4EQAsfHhEKi2rgKtE9vVCSXrwprZtYtleEsM/edit?usp=sharing)

**Title:** Analysis of Figurative Language
**Suggested Length of Time:** 80-90 minutes

**Standards Addressed**
**Priority:**
- 7.RL.3.D Read and comprehend literature, including stories, dramas, and poems, independently and proficiently.

**Supporting:**
- 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
● 7.RL.2.C Analyze how specific word choices contribute to meaning and tone.
● ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
● ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

**Detailed Description/Instructions:** Students will conduct an investigation of figurative language as it is used in their novels. They will look at connotations of words and how specific language is used to influence characters in the novels. Students will also connect their investigation to how language influences them daily in the “real world”.

**Supporting:**
- 7.RL.1.A Draw conclusions, infer, and analyze by citing several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
- 7.RL.1.D Using appropriate text, determine the theme(s) of a text and explain the relationship between the theme(s) and supporting evidence; summarize the text distinct from personal opinions.
- 7.SL.1.A Follow rules for collegial discussions and decision-making, track progress toward specific goals and deadlines, and define individual roles as needed.
- **ISTE - CREATIVE COMMUNICATOR.6:** Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
- **ISTE - GLOBAL COLLABORATOR.7:** Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.
**Detailed Description/Instructions:** Students will select major events throughout their novel and examine the mood created by the author surrounding each event. Students will then assign a symbolic color to the event based on the identified mood and track the impact the author’s words have on the reader throughout the novel. *Note: This can be done at the middle and end of the book and the two timelines can be compared so that students can analyze if/why the overall mood shifted from the beginning to the end of the story.

**Detailed Description/Instructions:** For this activity, students will use colors as symbols and produce a list of traits for a character they know best in their book. Provide the following
instructions: First, choose a character you understand well from your book. Write the character’s name in BOLD letters on the paper in a color that seems to make sense for this character. For example, you could write a greedy character’s name in green, the color of money. Write the title of your book on your paper, also using a color relevant to the book. For example, if the book is hopeful overall, you could write the title of the book in bright yellow, a color symbolizing hope. Next, use colored markers to write traits of the character, his/her motivations, behaviors, and beliefs. Use colors that make sense for those traits. For example, you could list SECRETIVE as a trait and write it with a gray marker since the secrets are hidden in the shadows.

*Supporting:*
- 7.RL.2.D Evaluate an author’s argument, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.
- 7.RL.2.A Analyze how a text’s organization or overall structure contributes to meaning.
- 7.SL.1.B Delineate a speaker’s argument and claims, evaluating reasoning in order to pose questions that elicit elaboration and respond to others; questions and comments with relevant observations and ideas that bring the discussion back on topic as needed.
- ISTE-DIGITAL CITIZEN.2: Students recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world, and they act and model in ways that are safe, legal and ethical.
- ISTE - KNOWLEDGE CONSTRUCTOR.3: Students critically curate a variety of resources using digital tools to construct knowledge, produce creative artifacts and make meaningful learning experiences for themselves and others.
- ISTE - CREATIVE COMMUNICATOR.6: Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
- ISTE - GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

**Detailed Description/Instructions:** Using the supplemental texts provided, have students select two nonfiction articles. In pairs, students should create a graphic organizer to compare the two texts and how the authors of the texts present their information. Students should also compare the texts to their definition of a dystopia, created at the beginning of the unit. Place pairs together and have them each take a position on why their articles were similar and different and whether or not they met the criteria for being modern-day dystopias.

- ISTE-GLOBAL COLLABORATOR.7: Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Detailed Description/Instructions: Using the supplemental texts provided, have students select one poem and one short story to compare to their novel. Students should read and analyze both the poem and the short story - the poem for how its structure and language helps the author to communicate meaning and the story for how the characters in the story differ from each other as well as the novel the student is reading. Ultimately, students should create a graphic organizer that demonstrates the connections they can make between the story, the poem, and the novel.

**Engaging Scenario** (An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

Students will create a final project, guided by their own learning styles, that answers all three of the essential questions for the unit. Students have complete autonomy in what they create as long as they demonstrate a thorough understanding of the essential questions and all learning connects back to the dystopian novels read during the quarter.

**This entire Engaging Scenario is interdisciplinary in nature with ELA Writing and Social Studies, as they will be completing portions of a Create Your Own Country Unit and the dystopian novels can be analyzed in order to help students understand why each society failed and what they need to do differently in their own country. However, if you choose to work independently, very little will need to be modified.**

**Rubric for Engaging Scenario:** Please see shell course in Schoology.

Unit of Study Terminology

**Unit of Study:** Series of learning experiences/related assessments based on designated priority standards and related supporting standards.

**Priority Standards:** What every student should know and be able to do. These were chosen because of their necessity for success in the next course, the state assessment, and life.

**Supporting Standards:** Additional standards that support the learning within the unit.

**Essential Questions:** Engaging, open-ended questions that teachers can use to engage students in the learning.

**Big Ideas/Enduring Understandings:** Foundational understandings teachers want students to be able to discover and state in their own words by the end of the unit of study. These are answers to the essential questions.

**Unit Vocabulary:** Words students will encounter within the unit that are essential to understanding. Academic Cross-Curricular words (also called Tier 2 words) are those that can be found in multiple content areas, not just this one. Content/Domain Specific vocabulary words are those found specifically within the content.

**Engaging Scenario:** This is a culminating activity in which students are given a role, situation, challenge, audience, and a product or performance is specified. Each unit contains an example of an engaging scenario, but a teacher has the ability to substitute with the same intent in mind.

**Topic:** These are the main teaching points for the unit. Units can have anywhere from one topic to many, depending on the depth of the unit.

**Engaging Experience:** Each topic is broken into a list of engaging experiences for students. These experiences are aligned to priority and supporting standards, thus stating what students should be able to do. An example of an engaging experience is provided in the description, but a teacher has the autonomy to substitute one of their own that aligns to the level of rigor stated in the standards.

**Symbols:**

- This symbol depicts an experience that can be used to assess a student’s 21st Century Skills using the rubric provided by the district.

- This symbol depicts an experience that integrates professional skills, the development of professional communication, and/or the use of professional mentorships in authentic classroom learning activities.
