High School German II Curriculum

Course Description: Through thematic units, students will expand their skills in speaking, listening, reading, writing, and cultural awareness. Students will develop a functional command of words and phrases that deal with immediate needs and common everyday situations or while traveling in limited situations. Students will demonstrate comprehension of simple questions and statements about family, residence, self, weather, time, and interests. The content expansion includes the use of familiar words and phrases applicable with normal commands, frequent instructions, and courtesy interchanges. Students will be able to recognize and properly use present and past tense grammar structures.

Unit 1: Clothes and Department Store Shopping

**Subject:** German II  
**Grade:** 9 - 12  
**Name of Unit:** Clothes and Department Store Shopping  
**Length of Unit:** 4 Weeks

**Overview of Unit:** Students will research various types of stores for goods/supplies needed. Create conversations to buy, find or show desire to buy various items such as clothing, furniture, household goods.

**Priority Standards for unit:**
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Use target language to acquire goods, services or information. (1.1b)
  - Exchange information about personal events, memorable experiences and/or other topics. (1.1c)
  - Ask for repetition and repeat to ensure comprehension. (1.1d)

**Supporting Standards for unit:**
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Demonstrate competencies previously introduced (1.3a)
  - Perform short plays and skits, recite selected poems and anecdotes, or sing songs and share them with an audience orally or in writing. (1.3b)
  - Write brief messages such as postcards, short letters or e-mails on very familiar topics. (1.3c)
- Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  - Demonstrate competencies previously introduced (4.1a)
  - Use cognates to enhance spoken and written language. (4.1b)
  - Recognize familiar false cognates and use appropriately. (4.1c)
  - Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)
  - Recognize critical sound differences in the target language that must be mastered. (4.1e)
- Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources (ISTE 4 - Critical Thinking, Problem Solving, and Decision Making).
  - Identify and define authentic problems and significant questions for investigation.
  - Plan and manage activities to develop a solution or complete a project.
  - Collect and analyze data to identify solutions and/or make informed decisions.
  - Use multiple processes and diverse perspectives to explore alternative solutions.
- Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
○ Interact, collaborate, and publish with peers, experts, or others employing a variety of digital environments and media.
○ Communicate information and ideas effectively to multiple audiences using a variety of media and formats.
○ Develop cultural understanding and global awareness by engaging with learners of other cultures.
○ Contribute to project teams to produce original works or solve problems.

**Essential Questions:**
1. How do you express the desire to buy certain items and show why?
2. Why are “mom and pop” stores still chosen over large department store or “Wal-Mart” type super centers in Germany?
3. How do you ask for assistance or merchandise while shopping?

**Enduring Understanding/Big Ideas:**
1. Students will show needs and wants to make purchases based on need, like or want.
2. Students will show understanding of quality versus quantity and specialty store shopping being more personalized.
3. Students will show need of formality, requests to a worker/adult and use appropriate vocabulary to express desires and wants.

**Unit Vocabulary:**

**Resources for Vocabulary Development:** Quality Tools
Topic 1: Clothing

Engaging Experience
Title: What to wear?
Suggested Length of Time: 1 Day

Standards Addressed

Priority:
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Use target language to acquire goods, services or information. (1.1b)

Supporting:
- Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  - Use cognates to enhance spoken and written language. (4.1b)
  - Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)

Detailed Description/Instructions: Students will be given a list of basic clothing items for men and women. The list should be divided by students - male vs. female, winter vs. summer, various needs (sunglasses swimsuit, flip flops versus winter boots, winter coat and ski pants). To learn the basics of vocabulary. Conversation in class will help decipher what to wear when. If the teacher says, let’s go on vacation somewhere warm, what do you want wear? Students will use new vocabulary to show understanding.

Bloom’s Levels: Use, Apply
Webb’s DOK: 1, 2
Rubric: To be created
Topic 2: Department Stores

Engaging Experience 1
Title: wo finde ich….?
Suggested Length of Time: 1 - 2 Days

Standards Addressed

Priority:

- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Use target language to acquire goods, services or information. (1.1b)
  - Exchange information about personal events, memorable experiences and/or other topics. (1.1c)

Supporting:

- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Write brief messages such as postcards, short letters or e-mails on very familiar topics. (1.3c)
- Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources (ISTE 4 - Critical Thinking, Problem Solving, and Decision Making).
  - Plan and manage activities to develop a solution or complete a project.
  - Collect and analyze data to identify solutions and/or make informed decisions.

Detailed Description/Instructions: Students will design a department store lay out after using computers to researching some German department stores such as C & A, H & M, or Kaufhof Galleria. The poster should include men’s and women’s departments, children’s clothing, shoes, leather goods, and maybe electronics/media or even some furniture. All labeling on poster should be in German with proper gender.

Bloom’s Levels: Analyze, Create
Webb’s DOK: 3
Rubric: To be created
**Engaging Experience 1**

**Title:** Where do Germans shop?

**Suggested Length of Time:** 1-2 Days

**Standards Addressed**

**Priority:**
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Use target language to acquire goods, services or information. (1.1b)

**Supporting:**
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Write brief messages such as postcards, short letters or e-mails on very familiar topics. (1.3c)
- Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources (ISTE 4 - Critical Thinking, Problem Solving, and Decision Making).
  - Plan and manage activities to develop a solution or complete a project.
  - Collect and analyze data to identify solutions and/or make informed decisions.
- Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
  - Interact, collaborate, and publish with peers, experts, or others employing a variety of digital environments and media.
  - Communicate information and ideas effectively to multiple audiences using a variety of media and formats.
  - Develop cultural understanding and global awareness by engaging with learners of other cultures.
  - Contribute to project teams to produce original works or solve problems.

**Detailed Description/Instructions:**

Students will research through internet and text (youtube.de advertising, blogs), where Germans shop for most main household items and record notes in German. Through group comparison of notes, students will make generalizations on types of stores and reasons for shopping here. After research is conducted, class will have open discussion - why a fruit stand versus the megamarket? Why a shoe store versus Wal-Mart? Use of advertisements/realia can help show the shortened store hours, closed for lunch times, and the “laenger Dienstag” - where stores may stay open 1 night a bit later. Cultural comparison should lead class to understand the desire for higher quality products, a sales person who has expertise in the field, and the desire to buy of quality versus quantity or price/deal.

**Bloom’s Levels:** Analyze

**Webb’s DOK:** 3

**Rubric:** To be created
**Engaging Experience 2**
Title: Venn diagram

**Suggested Length of Time:** 45 Minutes

**Standards Addressed**

*Priority:*
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Use target language to acquire goods, services or information. (1.1b)
  - Exchange information about personal events, memorable experiences and/or other topics. (1.1c)

*Supporting:*
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Demonstrate competencies previously introduced (1.3a)
  - Write brief messages such as postcards, short letters or e-mails on very familiar topics. (1.3c)
- Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  - Demonstrate competencies previously introduced (4.1a)
  - Use cognates to enhance spoken and written language. (4.1b)

**Detailed Description/Instructions:** Have students create a visual aide/Venn diagram to show differences between U.S. and German store choices, price and quality of merchandise. Students should use real prices, real names of stores, factual evidence to cite their visual aide.

**Bloom’s Levels:** Apply, Analyze, Create

**Webb’s DOK:** 1, 2, 3

**Rubric:** To be created
Engaging Experience 1

**Title:** Entschuldigung, Wo finde ich _____?

**Suggested Length of Time:** 20-30 Minutes

**Standards Addressed**

**Priority:**
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Use target language to acquire goods, services or information. (1.1b)
  - Ask for repetition and repeat to ensure comprehension. (1.1d)

**Supporting:**
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Demonstrate competencies previously introduced (1.3a)
  - Perform short plays and skits, recite selected poems and anecdotes, or sing songs and share them with an audience orally or in writing. (1.3b)

**Detailed Description/Instructions:** Students will work with partners to practice asking and answering where they can find certain items in a department store. Each partner group will have a set of flashcards that show a picture of an item that can be found in a department store. The partners will take turns drawing a flashcard and asking their partner, “Entschuldigung, wo kann ich __ (item on flashcard) __ finden?” Their partner should be able to respond by telling them in German which part of a department store their item would be in.

**Bloom’s Levels:** Analyze and Create

**Webb’s DOK:** 3

**Rubric:** To be created
Engaging Scenario

Engaging Scenario (An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

Students will team in partners or small groups of 3 and create short scenes going to a sales clerk and asking about certain items to buy. Students need to state what they want, ask where to find that item. Partners share location of item in store, floor, and department. Students can express opinion of an item - what they like, dislike, find expensive, etc. to add to conversation about purchase. An introduction to the Dative case with various verbs such as “gefallen, stehen, passen” could be added as a hand out or mini lesson.

Rubric for Engaging Scenario: To be created

Unit 2: Home, Chores, and Furniture

Subject: German II
Grade: 9 - 12
Name of Unit:  Home, Chores and Furniture
Length of Unit:  4 Weeks
Overview of Unit:  Students will be able to describe their home, furniture in home and various chores or activities done in the home. Use of vocabulary describing rooms should include furniture, adjectives, as well as activities and chores done in these rooms.

Priority Standards for unit:
● Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own (4.2)
   ○ Demonstrate competencies previously introduced
   ○ Compare and contrast tangible and intangible products of the target and native cultures such as, clothing, housing, foods, toys, music, myths and folktales.
   ○ Compare simple patterns of behavior or interaction in various social and cultural settings such as celebrations and patterns of everyday life.
   ○ Demonstrate an awareness that gestures are an important part of communication and that gestures differ among languages and cultures.

Supporting Standards for unit:
● Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
   ○ Demonstrate competencies previously introduced (4.1a)
   ○ Use cognates to enhance spoken and written language. (4.1b)
   ○ Recognize familiar false cognates and use appropriately. (4.1c)
   ○ Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)
   ○ Recognize critical sound differences in the target language that must be mastered. (4.1e)
● Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
   ○ Interact, collaborate, and publish with peers, experts, or others employing a variety of digital environments and media.
   ○ Communicate information and ideas effectively to multiple audiences using a variety of media and formats.
   ○ Develop cultural understanding and global awareness by engaging with learners of other cultures.
   ○ Contribute to project teams to produce original works or solve problems.
● Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
   ○ Plan strategies to guide inquiry.
   ○ Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
   ○ Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
- Process data and report results.
  - Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).
    - Understand and use technology systems.
    - Select and use applications effectively and productively.
    - Troubleshoot systems and applications.
    - Transfer current knowledge to learning of new technologies.

**Essential Questions:**
1. How can you describe the rooms of your house and what you might do in these various rooms? (activities as well as chores/tasks)
2. Why do you have the items/furniture you do in various rooms of your house - what is the purpose of your items per room?
3. How do you describe what you have in your room and what you would like to have, prefer to have?

**Enduring Understanding/Big Ideas:**
1. Students will use proper vocabulary to identify and describe rooms of a house and what items/furniture are typically there.
2. Students will explain with reasoning what they use various rooms and furniture for and why.
3. Students will describe current room and items there and express desires wants and future purchases with reasoning.

Engaging Experience 1
Title: Was machst du wo? What do you do where…? (Chores/activities in your house)
Suggested Length of Time: 1 - 2 Days

Standards Addressed

Priority:
- Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own (4.2)
  - Compare simple patterns of behavior or interaction in various social and cultural settings such as celebrations and patterns of everyday life.
  - Demonstrate an awareness that gestures are an important part of communication and that gestures differ among languages and cultures.

Supporting:
- Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  - Use cognates to enhance spoken and written language. (4.1b)
  - Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)
- Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
  - Interact, collaborate, and publish with peers, experts, or others employing a variety of digital environments and media.
  - Communicate information and ideas effectively to multiple audiences using a variety of media and formats.
  - Develop cultural understanding and global awareness by engaging with learners of other cultures.
  - Contribute to project teams to produce original works or solve problems.
- Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  - Plan strategies to guide inquiry.
  - Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
  - Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
  - Process data and report results.

Detailed Description/Instructions: Students will begin with a game of charades - all topics will be chores done in or around the house. After students have created a list of basic chores, students will research these words in German to create a vocabulary list. Quick conversation will lead to a comparison of basic household chores that seem to match between cultures, plus perhaps a few more environmentally friendly such as: recycling of all trash (compost and glass, etc.). German conversation will then continue with Q and A - what chores do you do, your parents, and siblings? What must you do on the weekends, to use the car, before going out, etc. (grammar structures could include: separable prefix verbs, modal review and subordinating conjunctions to show reasons why)
Bloom’s Levels: Analyze, Evaluate, Demonstrate
Webb’s DOK: 2, 3, 1
Rubric: To be created

**Engaging Experience 2**
Title: What musst du heute machen?
Suggested Length of Time: 1 Day

**Standards Addressed**

*Priority:*
- Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own (4.2)
  - Demonstrate competencies previously introduced
  - Demonstrate an awareness that gestures are an important part of communication and that gestures differ among languages and cultures.

*Supporting:*
- Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  - Demonstrate competencies previously introduced (4.1a)
  - Use cognates to enhance spoken and written language. (4.1b)
  - Recognize familiar false cognates and use appropriately. (4.1c)
  - Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)

**Detailed Description/Instructions:** Short essay - student prompt is to explain why they can’t go with a friend into the city to shop this afternoon. Students need to identify 3 reasons - 3 things they must do in their homes. Student choice can include various chores or activities such as homework, watching a favorite TV show, making dinner, etc. Student prompt should include some info about where the activity takes place and describing the action - the chore or activity.

**Bloom’s Levels:** Remember, Understand, Apply
**Webb’s DOK:** 1, 2
**Rubric:** To be created
Topic 2: Furniture

Engaging Experience 1
Title: Wo machst du Hausdienst?
Suggested Length of Time: 1 - 2 Days
Standards Addressed

Priority:
- Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own (4.2)
  - Demonstrate competencies previously introduced
  - Compare and contrast tangible and intangible products of the target and native cultures such as, clothing, housing, foods, toys, music, myths and folktales.
  - Compare simple patterns of behavior or interaction in various social and cultural settings such as celebrations and patterns of everyday life.

Supporting:
- Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  - Demonstrate competencies previously introduced (4.1a)
  - Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)

Detailed Description/Instructions: Have students use their chore vocabulary to share where events take place. Can you vacuum in the bathroom? Do you wash dishes in the laundry room? A house description sheet or vocabulary list can be created (web diagram) as a starter on the board - to determine needed vocabulary for a house description. Have students share a chore as well as a personal activity that is done in various rooms. (I vacuum in the living and we play board games here. I study in my room, I have to pick up my clothes first before I study...)

Bloom’s Levels: Remember, Apply, Analyze, Evaluate, Understand
Webb’s DOK: 1, 2, 3
Rubric: To be created

Engaging Experience 2
Title: Visual Venn diagram
Suggested Length of Time: 1 - 2 class periods
Standards Addressed

Priority:
- Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own (4.2)
  - Demonstrate competencies previously introduced
  - Compare and contrast tangible and intangible products of the target and native cultures such as, clothing, housing, foods, toys, music, myths and folktales.
  - Compare simple patterns of behavior or interaction in various social and cultural settings such as celebrations and patterns of everyday life.

Supporting:
● Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  ○ Demonstrate competencies previously introduced (4.1a)
  ○ Use cognates to enhance spoken and written language. (4.1b)
  ○ Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)

● Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
  ○ Interact, collaborate, and publish with peers, experts, or others employing a variety of digital environments and media.
  ○ Communicate information and ideas effectively to multiple audiences using a variety of media and formats.

● Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  ○ Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
  ○ Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
  ○ Process data and report results.

Detailed Description/Instructions: Venn diagram - to show understanding of cultural differences in German and U.S. homes, have student make a visual chart to show differences. Most U.S homes have washer and dryer in the living space, such as off the kitchen, near the bedrooms. A German home often has the washer and possibly a dryer in the basement level. Usually a stacked unit for efficiency and space. After researching various homes for sale on the internet, in both countries, students should be able to identify 3 - 5 major differences - such as - size of yard, terraces - decks for eating areas, entry ways for shoes and coats, closet differences, use of garage or garage space for bikes, cars, etc.

Bloom’s Levels: Remember, Apply, Analyze, Evaluate, Understand

Webb’s DOK: 1, 2, 3

Rubric: To be created
Topic 3: Grammar

Engaging Experience 1
Title: Adjectives: positive, comparative and superlative
Suggested Length of Time: 1-2 Days

Standards Addressed

Priority:
- Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own (4.2)
  - Demonstrate competencies previously introduced

Supporting:
- Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  - Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)
- Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  - Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
  - Process data and report results.
- Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).
  - Understand and use technology systems.
  - Select and use applications effectively and productively.
  - Troubleshoot systems and applications.
  - Transfer current knowledge to learning of new technologies.

Detailed Description/Instructions: PowerPoint presentation on use of adjectives, how to show comparison between 2 items as well as regular and irregular spelling formation of adjectives. After PowerPoint - various worksheets and workbook pages can be used to show understanding. Students can create PowerPoints showing visuals and vocabulary within a house - large dresser, small night stand, light/airy living room - and show comparisons. This blends the last topic into the application of a grammar concept. 1 slide should show a room of house with a sentence describing that room, the other half of the slide then shows a comparative sentence - using the same adjective in the comparative form. (Teacher can provide a list of common adjectives and review vocabulary from last topic rooms of house and furniture.)

Bloom’s Levels: Remember, Apply
Webb’s DOK: 1, 2
Rubric: To be created

Engaging Experience 2
Title: Mein Zimmer ist besser!
Suggested Length of Time: 45 Minutes

Standards Addressed

Priority:
- Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own (4.2)
○ Demonstrate competencies previously introduced
○ Compare and contrast tangible and intangible products of the target and
  native cultures such as, clothing, housing, foods, toys, music, myths and
  folktales.
○ Demonstrate an awareness that gestures are an important part of
  communication and that gestures differ among languages and cultures.

Supporting:
  ● Students will demonstrate understanding of the nature of language through
    comparisons of the language studied and their own (4.1)
  ○ Demonstrate competencies previously introduced (4.1a)
  ○ Use cognates to enhance spoken and written language. (4.1b)
  ○ Recognize familiar false cognates and use appropriately. (4.1c)
  ○ Demonstrate an awareness of the various ways of expressing ideas, such
    as recognizing idiomatic expressions. (4.1d)
  ○ Recognize critical sound differences in the target language that must be
    mastered. (4.1e)

Detailed Description/Instructions: Have students share out loud a chance to one-up their
classmates. Step 1- what do you have in your room - describe it. Step 2, I have a….also. My bed
is bigger, more comfortable, newer … Step 3 Really? My bed is better than your bed. My bed is
the biggest. Use flashcards or a visual of a house, various rooms to change up pieces of furniture
or a vocabulary list of adjectives to choose from.

Bloom’s Levels: Remember, Apply, Analyze, Evaluate, Understand
Webb’s DOK: 1, 2, 3
Rubric: To be created
Topic 4: Subordinating Conjunctions and Reasons

Engaging Experience 1
Title: Ich kann nicht kommen
Suggested Length of Time: 2 Days
Standards Addressed

Priority:
- Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own (4.2)
  - Demonstrate competencies previously introduced
  - Compare simple patterns of behavior or interaction in various social and cultural settings such as celebrations and patterns of everyday life.
  - Demonstrate an awareness that gestures are an important part of communication and that gestures differ among languages and cultures.

Supporting:
- Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  - Demonstrate competencies previously introduced (4.1a)
  - Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)
  - Recognize critical sound differences in the target language that must be mastered. (4.1e)

Detailed Description/Instructions: Have students share reasons on telephone why they can’t go out with a classmate tonight. State a chore as a reason why not. I want to go to the movies with you tonight, but have to clean up my room. Oh, bummer. Maybe next weekend. Act out a dialog - give reasons why you cannot.

Bloom’s Levels: Remember, Understand, Apply, Analyze, Evaluate
Webb’s DOK: 1, 2, 3
Rubric: To be created

Engaging Experience 2
Title: Review of conjunctions
Suggested Length of Time: 1 - 2 class periods
Standards Addressed

Priority:
- Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own (4.2)
  - Demonstrate competencies previously introduced

Supporting:
- Students will demonstrate understanding of the nature of language through comparisons of the language studied and their own (4.1)
  - Demonstrate competencies previously introduced (4.1a)
  - Demonstrate an awareness of the various ways of expressing ideas, such as recognizing idiomatic expressions. (4.1d)
- Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).
○ Understand and use technology systems.
○ Select and use applications effectively and productively.
○ Troubleshoot systems and applications.
○ Transfer current knowledge to learning of new technologies.

**Detailed Description/Instructions:** Smart Board use - sentences to combine with various conjunctions. Have students determine if the reason is a dependent clause or independent clause. What happens? Word order issues and why. (I + 1 - what if you start with the dependent clause? What now?)

**Bloom’s Levels:** Remember, Apply

**Webb’s DOK:** 1, 2

**Rubric:** To be created
Engaging Scenario

Engaging Scenario (An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

Students will create a labeled and illustrated poster that depicts their dream house (can be a physical poster, a PowerPoint presentation, etc.). In addition to this visual aid, students will write an essay that describes the items that would be in each room, as well as sentences that detail the chores they would likely do in each room. Students will present their dream houses and essays to the class.

Rubric for Engaging Scenario: See rubric loaded in Google Drive
### Summary of Engaging Learning Experiences for Topics

<table>
<thead>
<tr>
<th>Topic</th>
<th>Engaging Experience Title</th>
<th>Description</th>
<th>Suggested Length of Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chores</td>
<td>Was machst du wo? What do you do where…?</td>
<td>Students will begin with a game of charades - all topics will be chores done in or around the house. After students have created a list of basic chores, students will research these words in German to create a vocabulary list. Quick conversation will lead to a comparison of basic household chores that seem to match between cultures, plus perhaps a few more environmentally friendly such as: recycling of all trash (compost and glass, etc.). German conversation will then continue with Q and A - what chores do you do, your parents, and siblings? What must you do on the weekends, to use the car, before going out, etc. (grammar structures could include: separable prefix verbs, modal review and subordinating conjunctions to show reasons why)</td>
<td>1-2 Days</td>
</tr>
<tr>
<td>Chores</td>
<td>What musst du heute machen?</td>
<td>Short essay - student prompt is to explain why they can’t go with a friend into the city to shop this afternoon. Students need to identify 3 reasons - 3 things they must do in their homes. Student choice can include various chores or activities such as homework, watching a favorite TV show, making dinner, etc. Student prompt should include some info about where the activity takes place and describing the action - the chore or activity</td>
<td>1 Day</td>
</tr>
<tr>
<td>Furniture</td>
<td>Wo machst du Hausdienst?</td>
<td>Have students use their chore vocabulary to share where events take place. Can you vacuum in the bathroom? Do you wash dishes in the laundry room? A house description sheet or vocabulary list</td>
<td>1-2 Days</td>
</tr>
</tbody>
</table>
can be created (web diagram) as a starter on the board - to determine needed vocabulary for a house description. Have students share a chore as well as a personal activity that is done in various rooms. (I vacuum in the living and we play board games here. I study in my room, I have to pick up my clothes first before I study…)

<table>
<thead>
<tr>
<th>Furniture</th>
<th>Visual Venn Diagram</th>
<th>Venn diagram - to show understanding of cultural differences in German and U.S. homes, have student make a visual chart to show differences. Most U.S. homes have washer and dryer in the living space, such as off the kitchen, near the bedrooms. A German home often has the washer and possibly a dryer in the basement level. Usually a stacked unit for efficiency and space. After researching various homes for sale on internet, in both countries, students should be able to identify 3 - 5 major differences - such as - size of yard, terraces - decks for eating areas, entry ways for shoes and coats, closet differences, use of garage or garage space for bikes, cars, etc.</th>
<th>1-2 Days</th>

Unit 3: Celebrations

Subject: German II
Grade: 9 - 12
Name of Unit: Was feiern wir?
Length of Unit: 3 weeks

Overview of Unit: Students will explore the calendar and calendar events such as national holidays, vacation times from school, as well as personal-religious holidays like birthdays, weddings, Easter or Christmas.

Priority Standards for unit:
- Students demonstrate an understanding of the practices and perspectives of the cultures studied (2.1)
  - Demonstrate competencies previously introduced
  - Identify the relationship between the practices and perspectives of common cultural activities and holiday celebrations.
  - Compare everyday social etiquette within the culture studied to their native culture.
  - Identify common beliefs, attitudes and characteristics within the culture studied.

Supporting Standards for unit:
- Students acquire information and recognize the distinctive viewpoints that are only available through the world language and its culture (3.2)
  - Use sources intended for same-age speakers of the target language to prepare reports on topics of personal interest or those with which they have limited previous experience.
  - Broaden understanding of contributions of target civilization to development of present-day information.
- Students use the target language within and beyond the school setting (5.1)
  - Demonstrate competencies previously introduced
  - Share knowledge and skills from the target language with family and others in the school community.
  - Communicate on a personal level with speakers of the target language via letters, e-mail, etc.
- Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
  - Interact, collaborate, and publish with peers, experts, or others employing a variety of digital environments and media.
  - Communicate information and ideas effectively to multiple audiences using a variety of media and formats.
  - Develop cultural understanding and global awareness by engaging with learners of other cultures.
  - Contribute to project teams to produce original works or solve problems.
- Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  - Plan strategies to guide inquiry.
○ Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
○ Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
○ Process data and report results.
● Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources (ISTE 4 - Critical Thinking, Problem Solving, and Decision Making).
  ○ Identify and define authentic problems and significant questions for investigation.
  ○ Plan and manage activities to develop a solution or complete a project.
  ○ Collect and analyze data to identify solutions and/or make informed decisions.
  ○ Use multiple processes and diverse perspectives to explore alternative solutions.
● Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior (ISTE 5 - Digital Citizenship).
  ○ Advocate and practice safe, legal, and responsible use of information and technology.
  ○ Exhibit a positive attitude toward using technology that supports collaboration, learning, and productivity.
  ○ Demonstrate personal responsibility for lifelong learning.
  ○ Exhibit leadership for digital citizenship.
● Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).
  ○ Understand and use technology systems.
  ○ Select and use applications effectively and productively.
  ○ Troubleshoot systems and applications.
  ○ Transfer current knowledge to learning of new technologies.

Essential Questions:
1. How do we give or state dates for events such as our birthday, Easter or the days off of school for vacation?
2. How do we compare and contrast the German use of calendar and calendar dates including vacations, religious holidays and personal events by season?
3. What practices are common for major holidays and festivals and why are they similar or different from our native culture?

Enduring Understanding/Big Ideas:
1. Students will show understanding of the use of Dative Case to express specific dates and the order of day month and year. Students will identify the major Roman calendar holidays and national holidays that are celebrated in the German speaking world.
2. Students will compare our school calendar with the German school calendar and explain reasoning for various holidays or vacation times. Students will talk about common events and activities due to vacation times (vacations to the beach, skiing, family visits).
3. Students will describe a native cultural event and show how it is similar or different from a similar target culture event. Students will share general products and practices of culture for various holidays such as Christmas and Easter for both their own culture and the target language.

Resources for Vocabulary Development: Quality Tools
Topic 1: Birthdays

**Engaging Experience 1**

**Title:** Class interview for poster  
**Suggested Length of Time:** 45 Minutes  
**Standards Addressed**

*Priority:*
- Students demonstrate an understanding of the practices and perspectives of the cultures studied (2.1)
  - Demonstrate competencies previously introduced
  - Compare everyday social etiquette within the culture studied to their native culture.

*Supporting:*
- Students acquire information and recognize the distinctive viewpoints that are only available through the world language and its culture (3.2)
  - Use sources intended for same-age speakers of the target language to prepare reports on topics of personal interest or those with which they have limited previous experience.
- Students use the target language within and beyond the school setting (5.1)
  - Demonstrate competencies previously introduced
  - Share knowledge and skills from the target language with family and others in the school community.

**Detailed Description/Instructions:** Class interviews every class member and the teacher to create a poster in the room of birthdays and ages of all classmates. Poster in German - showing date as ordinal number. Conversation after can include which months have no birthdays, which months were the most popular birthday months and who is having a birthday in the current month or upcoming month.

**Bloom’s Levels:** Remember, Apply, Understand, Analyze  
**Webb’s DOK:** 1, 2, 3  
**Rubric:** To be created

**Engaging Experience 2**

**Title:** Wie feiern die Deutsche Geburtstage?  
**Suggested Length of Time:** 2-3 Days  
**Standards Addressed**

*Priority:*
- Students demonstrate an understanding of the practices and perspectives of the cultures studied (2.1)
  - Demonstrate competencies previously introduced
  - Identify the relationship between the practices and perspectives of common cultural activities and holiday celebrations.
  - Compare everyday social etiquette within the culture studied to their native culture.
  - Identify common beliefs, attitudes and characteristics within the culture studied.

*Supporting:*
● Students acquire information and recognize the distinctive viewpoints that are only available through the world language and its culture (3.2)
  ○ Use sources intended for same-age speakers of the target language to prepare reports on topics of personal interest or those with which they have limited previous experience.
  ○ Broaden understanding of contributions of target civilization to development of present-day information.
● Students use the target language within and beyond the school setting (5.1)
  ○ Demonstrate competencies previously introduced
  ○ Communicate on a personal level with speakers of the target language via letters, e-mail, etc.
● Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  ○ Plan strategies to guide inquiry.
  ○ Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
  ○ Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
  ○ Process data and report results.
● Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources (ISTE 4 - Critical Thinking, Problem Solving, and Decision Making).
  ○ Identify and define authentic problems and significant questions for investigation.
  ○ Plan and manage activities to develop a solution or complete a project.
  ○ Collect and analyze data to identify solutions and/or make informed decisions.
  ○ Use multiple processes and diverse perspectives to explore alternative solutions.
● Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior (ISTE 5 - Digital Citizenship).
  ○ Advocate and practice safe, legal, and responsible use of information and technology.
  ○ Exhibit a positive attitude toward using technology that supports collaboration, learning, and productivity.
  ○ Demonstrate personal responsibility for lifelong learning.
  ○ Exhibit leadership for digital citizenship.
● Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).
  ○ Understand and use technology systems.
  ○ Select and use applications effectively and productively.
  ○ Troubleshoot systems and applications.
  ○ Transfer current knowledge to learning of new technologies.

Detailed Description/Instructions: Have students research online - birthday invitations, birthday web sites - how to throw a themed party - from German internet sites. Students present various birthday theme ideas to celebrate a classmate’s upcoming birthday.
Bloom’s Levels: Remember, Apply, Understand, Analyze
Webb’s DOK: 1, 2, 3
Rubric: To be created
Topic 2: Grammar

Engaging Experience 1
Title: Review of the Dative Cases
Suggested Length of Time: 2 Days
Standards Addressed

Priority:
- Students demonstrate an understanding of the practices and perspectives of the cultures studied (2.1)
  - Demonstrate competencies previously introduced

Supporting:
- Students acquire information and recognize the distinctive viewpoints that are only available through the world language and its culture (3.2)
  - Students use the target language within and beyond the school setting (5.1)
  - Demonstrate competencies previously introduced

Detailed Description/Instructions: Teacher reviews use of Dative case with dates and giving months and seasons (in the and on the) and explains the dative prepositions. Students give various examples with birthdays, holidays, major events in their school year showing understanding of the prepositional phrases. Question words requiring dative and prepositional phrase questions such as “in which month, on what day, before the….after the 24th of December.”

Bloom’s Levels: Remember and Understand
Webb’s DOK: 1 and 2
Rubric: To be created

Engaging Experience 2
Title: Review of Direct Object and Indirect Objects
Suggested Length of Time: 3 class periods
Standards Addressed

Priority:
- Students demonstrate an understanding of the practices and perspectives of the cultures studied (2.1)
  - Demonstrate competencies previously introduced
  - Identify the relationship between the practices and perspectives of common cultural activities and holiday celebrations.
  - Compare everyday social etiquette within the culture studied to their native culture.
  - Identify common beliefs, attitudes and characteristics within the culture studied.

Supporting:
- Students acquire information and recognize the distinctive viewpoints that are only available through the world language and its culture (3.2)
  - Use sources intended for same-age speakers of the target language to prepare reports on topics of personal interest or those with which they have limited previous experience.
- Students use the target language within and beyond the school setting (5.1)
- Demonstrate competencies previously introduced
- Communicate on a personal level with speakers of the target language via letters, e-mail, etc.

  - Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
  - Communicate information and ideas effectively to multiple audiences using a variety of media and formats.

**Detailed Description/Instructions:** Teacher needs to review the value of nouns in sentences - the doer of the action, the receiver of the object, and the object - what is being acted on. Using various sample sentences, student should mark a SMART BOARD document in various colors identifying the S, DO and IO of sentences….as well as prepositions from earlier grammar point in lesson. (My parents give my uncle a new music CD for Christmas. I want to give my sister a new pair of shoes for her birthday. I receive a basket with chocolate and money from the Easter Bunny in the spring)

**Bloom’s Levels:** Remember, Apply, Understand, Analyze

**Webb’s DOK:** 1, 2, 3

**Rubric:** To be created

**Engaging Experience 3**

**Title:** Dative Gift Wheel

**Suggested Length of Time:** 1 Day

**Standards Addressed**

*Priority:*
- Comprehend the principal message contained in various target language media, such as, illustrated texts, posters, and advertisements. (1.2b)

*Supporting:*
- Recognize common tangible and intangible products of the culture studied. (4.1a)

**Detailed Description/Instructions:** The teacher will spin two “wheels” (using a Smart Notebook document), one of which contains different people whom students will be pretending to give gifts, and the other of which contains objects we might give those people. Based on where the wheels land, students will have to construct a sentence out loud to their partner that uses both the Dative and Accusative cases. Ex: I give my mother a necklace. (“Ich gebe meiner Mutter eine Halskette.”)

**Bloom’s Levels:** Understand

**Webb’s DOK:** 2

**Rubric:** To be created
Engaging Experience 1
Title: Visual Aid creation - poster making
Suggested Length of Time: 2 Days

Standards Addressed

**Priority:**
- Students demonstrate an understanding of the practices and perspectives of the cultures studied (2.1)
  - Identify the relationship between the practices and perspectives of common cultural activities and holiday celebrations.
  - Identify common beliefs, attitudes and characteristics within the culture studied.

**Supporting:**
- Students acquire information and recognize the distinctive viewpoints that are only available through the world language and its culture (3.2)
  - Use sources intended for same-age speakers of the target language to prepare reports on topics of personal interest or those with which they have limited previous experience.
  - Broaden understanding of contributions of target civilization to development of present-day information.
- Students use the target language within and beyond the school setting (5.1)
  - Demonstrate competencies previously introduced
  - Share knowledge and skills from the target language with family and others in the school community.

**Detailed Description/Instructions:** Student groups create posters showing various holidays and cultural celebration. All language in the target language- date of holiday or event, season and common ways of celebration. Should include school calendar holidays, national holidays (Day of Unity, Oktoberfest, Pfingsten, Weihnachten, Volksfeste, etc). Posters should displayed to share with other language learners of various languages or levels.

**Bloom’s Levels:** Understand and Analyze

**Webb’s DOK:** 1 and 2

**Rubric:** To be created
Engaging Scenario

Engaging Scenario (An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

Students will participate in an all-class “Birthday Party Project.” Part 1 will be for all students to create an invitation to their fake birthday party, for which they can pretend to be any age, hold it in any location they like, etc. Students will then randomly select one of their classmates’ invitations from a bag, to see whose “party” they will attend, which they will keep a secret (kind of like a White Elephant gift exchange). Part 2 will be to create a birthday card and “present” (can be fake or real) that they will give the person whose party they are attending. Part 3 will be the class celebration day, in which students give the cards and “presents” to the classmate whose invitation they selected, the class sings German birthday songs, and we play games, enjoy food, etc. Part 4 of the project is to write a thank-you card to the person who brought your card/present.

Rubric for Engaging Scenario: See Google Drive: “Rubric - German 2 Unit 3 Engaging Scenario”

Unit 4: Sports and Freetime

Subject: German II
Grade: 9 - 12
Name of Unit: Was machst du in der Freizeit?
Length of Unit: 3 weeks

Overview of Unit: Students will learn needed vocabulary to describe personal hobbies, interests, and activities. Students will expand explanation of sport and hobbies by describing where and when these activities take place, needed equipment or body parts/injuries that are related. Students research cultural activities of the German speaking and analyze why these hobbies/sports may be different from our native culture. By end of unit students should be able to explain how to play a game.

Priority Standards for unit:
- Students understand and interpret written and spoken language on a variety of topics (1.2)
  - Demonstrate competencies previously introduced
  - Identify principal characters and main ideas in oral and written narratives in the target language.
  - Use comprehension strategies such as prediction, background knowledge, cognates and context clues to assist understanding.

Supporting Standards for unit:
- Students demonstrate an understanding of the relationship between the products and perspectives of the cultures studied (2.2)
  - Demonstrate competencies previously introduced
  - Compare the most common objects and symbols used to represent the target culture and their own culture.
  - Compare important historical and contemporary figures and events of the culture studied and their own culture.
- Students reinforce and further their knowledge of other disciplines through the world language (3.1)
  - Demonstrate competencies previously introduced
  - Discuss topics from other school subjects in the target language such as language arts, fine arts, geographical terms and concepts, historical facts and famous people, mathematical concepts and scientific concepts.
  - Summarize articles or short videos in the target language on topics being studied in other classes.
- Students acquire information and recognize the distinctive viewpoints that are only available through the world language and its culture (3.2)
  - Use sources intended for same-age speakers of the target language to prepare reports on topics of personal interest or those with which they have limited previous experience.
  - Broaden understanding of contributions of target civilization to development of present-day information.
- Students use the target language within and beyond the school setting (5.1)
  - Demonstrate competencies previously introduced
  - Share knowledge and skills from the target language with family and others in the school community.
○ Communicate on a personal level with speakers of the target language via letters, e-mail, etc.

● Students show evidence of becoming lifelong learners by using the target language for personal enjoyment and enrichment (5.2)
  ○ Demonstrate competencies previously introduced
  ○ Explore hobbies, activities and topics of personal interest related to the target culture.
  ○ Access information from a variety of authentic sources with high visual support, i.e. the Internet, music videos, magazines, etc.
  ○ Identify careers where skills in another language or cultural understanding are needed.

● Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  ○ Plan strategies to guide inquiry.
  ○ Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
  ○ Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
  ○ Process data and report results.

● Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources (ISTE 4 - Critical Thinking, Problem Solving, and Decision Making).
  ○ Identify and define authentic problems and significant questions for investigation.
  ○ Plan and manage activities to develop a solution or complete a project.
  ○ Collect and analyze data to identify solutions and/or make informed decisions.
  ○ Use multiple processes and diverse perspectives to explore alternative solutions.

● Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior (ISTE 5 - Digital Citizenship).
  ○ Advocate and practice safe, legal, and responsible use of information and technology.
  ○ Exhibit a positive attitude toward using technology that supports collaboration, learning, and productivity.
  ○ Demonstrate personal responsibility for lifelong learning.
  ○ Exhibit leadership for digital citizenship.

● Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).
  ○ Understand and use technology systems.
  ○ Select and use applications effectively and productively.
  ○ Troubleshoot systems and applications.
  ○ Transfer current knowledge to learning of new technologies.

Essential Questions:
1. How do you describe a hobby or sport interest with details such as equipment, scoring or points and location needs to play or do an activity?
2. How can you explain how to do this favorite activity or sport?
3. Why are Germans more into various sports or activities in comparisons to Americans?
4. How are Germany and America alike and/or different in terms of music interest?

Enduring Understanding/Big Ideas:
1. Students will describe a game/hobby or sport in terms of what you need, how you pay and how to improve. Vocabulary will include body parts, supplies, weather/season and need for others (team, partner, etc.).
2. Students will use body parts, equipment/supplies to explain how to play/do a specific hobby/interest. The use of imperative case/command form will be needed.
3. Students will research statistics to determine the most popular sports and free time activities of the German speaking world and then analyze and contrast these findings to their understanding of the American pastimes. Students may research famous Germans in athletics and activities such as Olympic and professional athletes or creators of equipment, etc... (Adidas, Porsche, Bach, Mozart, etc.)
4. Students will research and share findings on a famous/well known German person who influenced the genre of music (inventor, creator, composer, singer, producer) and use the information to expose class to a variety of music styles and/or instruments.

Resources for Vocabulary Development: Quality Tools
Topic 1: Sports

Engaging Experience 1
Title: Instruction speech - how to play...
Suggested Length of Time: 1-2 Days

Standards Addressed

Priority:
- Demonstrate competencies previously introduced
  - Identify principal characters and main ideas in oral and written narratives in the target language.
  - Use comprehension strategies such as prediction, background knowledge, cognates and context clues to assist understanding.

Supporting:
- Students demonstrate an understanding of the relationship between the products and perspectives of the cultures studied (2.2)
  - Demonstrate competencies previously introduced
  - Compare the most common objects and symbols used to represent the target culture and their own culture.
  - Compare important historical and contemporary figures and events of the culture studied and their own culture.
- Students reinforce and further their knowledge of other disciplines through the world language (3.1)
  - Demonstrate competencies previously introduced
  - Discuss topics from other school subjects in the target language such as language arts, fine arts, geographical terms and concepts, historical facts and famous people, mathematical concepts and scientific concepts.
  - Summarize articles or short videos in the target language on topics being studied in other classes.
- Students acquire information and recognize the distinctive viewpoints that are only available through the world language and its culture (3.2)
  - Use sources intended for same-age speakers of the target language to prepare reports on topics of personal interest or those with which they have limited previous experience.
  - Broaden understanding of contributions of target civilization to development of present-day information.
- Students use the target language within and beyond the school setting (5.1)
  - Demonstrate competencies previously introduced
  - Share knowledge and skills from the target language with family and others in the school community.
  - Communicate on a personal level with speakers of the target language via letters, e-mail, etc.
- Students show evidence of becoming lifelong learners by using the target language for personal enjoyment and enrichment (5.2)
  - Demonstrate competencies previously introduced
  - Explore hobbies, activities and topics of personal interest related to the target culture.
○ Access information from a variety of authentic sources with high visual support, i.e. the Internet, music videos, magazines, etc.
○ Identify careers where skills in another language or cultural understanding are needed.

**Detailed Description/Instructions:** Students will each share in an instructional speech how to play a favorite game, sport or do a hobby. Information should include what is needed - equipment, body parts and basic time frame - in the winter, summer, in your house...etc., if appropriate. Speech in German - present tense, can combine some use of imperative commands or modals - you should, you can... you may...

**Bloom’s Levels:** Understand, Apply

Detailed Description/Instructions: Have students report about injuries that often happen or have happened personally while playing a sport or doing various activities. Students can be prompted with specific vocabulary to ask what they have played, what they have injured, what they have broken playing sports. Teacher can chart body parts and various injuries and demonstrate the correct use of various verbs (tun weh, sich verletzen, sich verstauchen, etc)
To show comprehension - a picture file/PowerPoint can be used for a visual prompt where class then writes sample sentences using the grammar point to show what has happened (picture of a boy playing soccer, then broken ankle. Students write: “The boy has broken his ankle.”)

**Bloom’s Levels:** Identify, Use

**Webb’s DOK:** 1, 2

**Rubric:** To be created
Engaging Scenario

Engaging Scenario (An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

Favorite music genre and sample - A Presentation

Each student creates a presentation in the target language sharing their favorite music genre, a sample of the music and some background/biographical facts about the musician, group or composer…. Personal reasons, why they like it, when they hear it, listen or go to see such music. Good vocabulary should include music genre, instruments, style, time period- when, as well as give visual and auditory samples. Class can be given response time to ask further questions in the language- about other hits, how many albums, how many #1 hits, etc. To further understanding and interact with the presenter.

Rubric for Engaging Scenario: To be created

Grammar: Injuries, dative, and reflexive case

Have students report about injuries that often happen or have happened personally while playing a sport or doing various activities. Students can be prompted with specific vocabulary to ask what they have played, what they have injured, what they have broken playing sports. Teacher can chart body parts and various injuries and demonstrate the correct use of various verbs (tun weh, sich verletzen, sich verstauchen, etc)

To show comprehension - a picture file/PowerPoint can be used for a visual prompt where class then writes sample sentences using the grammar point to show what has happened (picture of a boy playing soccer, then broken ankle. Students write: “The boy has broken his ankle.”)
Unit 5: Travel - Trips and Field Trips

Subject: German II
Grade: 9 - 12
Name of Unit: Wohin möchtest du reisen?
Length of Unit: 3 Weeks

Overview of Unit: Students will learn about geography, travel and popular German destinations within the German speaking world and beyond. Unit will include what German students see and do on field trips and exchange programs, how they travel with school, family and friends to various cities, destinations and foreign lands. Students will learn about packing needs and tourist destinations (sites, hotels, monuments, etc.)

Priority Standards for unit:
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Use target language to acquire goods, services or information. (1.1b)
  - Exchange information about personal events, memorable experiences and/or other topics. (1.1c)
  - Ask for repetition and repeat to ensure comprehension. (1.1d)

Supporting Standards for unit:
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Demonstrate competencies previously introduced (1.3a)
  - Perform short plays and skits, recite selected poems and anecdotes, or sing songs and share them with an audience orally or in writing. (1.3b)
  - Write brief messages such as postcards, short letters or e-mails on very familiar topics. (1.3c)
- Students reinforce and further their knowledge of other disciplines through the world language (3.1)
  - Demonstrate competencies previously introduced
  - Discuss topics from other school subjects in the target language such as language arts, fine arts, geographical terms and concepts, historical facts and famous people, mathematical concepts and scientific concepts.
- Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
  - Interact, collaborate, and publish with peers, experts, or others employing a variety of digital environments and media.
  - Communicate information and ideas effectively to multiple audiences using a variety of media and formats.
  - Develop cultural understanding and global awareness by engaging with learners of other cultures.
  - Contribute to project teams to produce original works or solve problems.
- Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  - Plan strategies to guide inquiry.
● Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
● Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
● Process data and report results.

Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior (ISTE 5 - Digital Citizenship).

○ Advocate and practice safe, legal, and responsible use of information and technology.
○ Exhibit a positive attitude toward using technology that supports collaboration, learning, and productivity.
○ Demonstrate personal responsibility for lifelong learning.
○ Exhibit leadership for digital citizenship.

Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).

○ Understand and use technology systems.
○ Select and use applications effectively and productively.
○ Troubleshoot systems and applications.
○ Transfer current knowledge to learning of new technologies.

**Essential Questions:**
1. How are German field trips and school travel opportunities similar and / or different from the U.S?
2. How are vacations similar and or different to American vacations and why?
3. How are transportation forms used in terms of daily travel compared to vacation travel?

**Enduring Understanding/Big Ideas:**
1. Students will learn about public transportation and class excursions both within a city as well as in foreign countries to conduct exchange programs. Topic should include learning about what is packed (backpacks for camping or hiking as well as overnight bags for youth hostels and hotel stays).
2. Students will learn about paid vacations from work, use of long vacation time for relaxation and rejuvenation and cultural differences to motives of vacation. Students will compare the need for rest and quiet time and sun and warmth in determining German vacation hot spots.
3. Students will learn to identify various forms of transportation used both within cities as well as means to reach destinations within Europe and the world beyond with general vocabulary.

**Unit Vocabulary:**

**Resources for Vocabulary Development:** Quality Tools
Engaging Experience 1
Title: Wie kommt man herum? How does one get around?
Suggested Length of Time: 2 Days

Standards Addressed

Priority:
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Exchange information about personal events, memorable experiences and/or other topics. (1.1c)

Supporting:
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Demonstrate competencies previously introduced (1.3a)
  - Write brief messages such as postcards, short letters or e-mails on very familiar topics. (1.3c)
- Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  - Plan strategies to guide inquiry.
  - Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
  - Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
  - Process data and report results.
- Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior (ISTE 5 - Digital Citizenship).
  - Advocate and practice safe, legal, and responsible use of information and technology.
  - Exhibit a positive attitude toward using technology that supports collaboration, learning, and productivity.
  - Demonstrate personal responsibility for lifelong learning.
  - Exhibit leadership for digital citizenship.
- Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).
  - Understand and use technology systems.
  - Select and use applications effectively and productively.
  - Troubleshoot systems and applications.
  - Transfer current knowledge to learning of new technologies.

Detailed Description/Instructions: City map research - Using online maps of various major German speaking cities, have students research various city layouts and chart the forms of transportation. Have student create a picture chart of size of cities, population, land space and report the forms of public transportation available. Chart should give vocabulary in German. Posters or visual aids should then be shared as a class to be sure students are familiar with various forms of transportation.
Engaging Experience 2
Title: Paragraph writes
Suggested Length of Time: 45 Minutes
Standards Addressed

Priority:
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Use target language to acquire goods, services or information. (1.1b)
  - Exchange information about personal events, memorable experiences and/or other topics. (1.1c)

Supporting:
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Demonstrate competencies previously introduced (1.3a)
  - Write brief messages such as postcards, short letters or e-mails on very familiar topics. (1.3c)
- Students reinforce and further their knowledge of other disciplines through the world language (3.1)
  - Discuss topics from other school subjects in the target language such as language arts, fine arts, geographical terms and concepts, historical facts and famous people, mathematical concepts and scientific concepts.

Detailed Description/Instructions: With posters in room showing European forms of transportation in cities, as well as knowledge of American use of transportation forms, have students share in short paragraphs in German when various forms of transportation are used. Simple present tense paragraphs can be proof-read by classmates and shared aloud. (i.e. “I take my car to get to the movie theater. A German boy can ride the city bus to get to school.”) Class should stop and evaluate if shared information seems accurate, or what other possibilities are available. (Point out the cultural difference of European options for transportation depending on the weather - the surroundings - whereas Americans typically turn to the private use of a car as the main option.)

Bloom’s Levels: Remember, Understand, Apply, Analyze, Create
Webb’s DOK: 1, 2, 3
Rubric: To be created
Topic 2: Field Trips

Engaging Experience 1
Title: Wie sollen wir den Ausflug machen?
Suggested Length of Time: 1-2 Days

Standards Addressed

Priority:
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Use target language to acquire goods, services or information. (1.1b)
  - Exchange information about personal events, memorable experiences and/or other topics. (1.1c)
  - Ask for repetition and repeat to ensure comprehension. (1.1d)

Supporting:
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Demonstrate competencies previously introduced (1.3a)
  - Perform short plays and skits, recite selected poems and anecdotes, or sing songs and share them with an audience orally or in writing. (1.3b)
- Students reinforce and further their knowledge of other disciplines through the world language (3.1)
  - Demonstrate competencies previously introduced
  - Discuss topics from other school subjects in the target language such as language arts, fine arts, geographical terms and concepts, historical facts and famous people, mathematical concepts and scientific concepts.
- Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
  - Develop cultural understanding and global awareness by engaging with learners of other cultures.
- Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  - Plan strategies to guide inquiry.
  - Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
  - Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
  - Process data and report results.

Detailed Description/Instructions: Students research online German school web-sites and online school newspapers to find reports of various “Ausflüge” from high schools. After students gather some details and find a few fieldtrip reports, class can interview members to find out what was learned. A handout of guided questions can help students to report the forms of transportation used and the destination of field trips. Sample: http://www.trifelsgymnasium.de/schulleben/archive/Exkursionen.html German exchange school in Annweiler shows the field trips and overnight exchanges per grade level and various trips.
Bloom’s Levels: Remember, Understand, Apply, Analyze, Create

Rubric: To be created

Engaging Experience 2
Title: Wohin gehen wir als eine Klasse? (Where are we going as a class?)
Suggested Length of Time: 3 Days (1 - 1 ½ for planning and 1 for presenting)

Standards Addressed

Priority:
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Use target language to acquire goods, services or information. (1.1b)
  - Exchange information about personal events, memorable experiences and/or other topics. (1.1c)
  - Ask for repetition and repeat to ensure comprehension. (1.1d)

Supporting:
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Demonstrate competencies previously introduced (1.3a)
  - Perform short plays and skits, recite selected poems and anecdotes, or sing songs and share them with an audience orally or in writing. (1.3b)
- Students reinforce and further their knowledge of other disciplines through the world language (3.1)
  - Demonstrate competencies previously introduced
  - Discuss topics from other school subjects in the target language such as language arts, fine arts, geographical terms and concepts, historical facts and famous people, mathematical concepts and scientific concepts.
- Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others (ISTE 2 - Communication and Collaboration).
  - Interact, collaborate, and publish with peers, experts, or others employing a variety of digital environments and media.
  - Communicate information and ideas effectively to multiple audiences using a variety of media and formats.
  - Develop cultural understanding and global awareness by engaging with learners of other cultures.
- Students apply digital tools to gather, evaluate, and use information (ISTE 3 - Research and Information Fluency).
  - Plan strategies to guide inquiry.
  - Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
  - Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
  - Process data and report results.

Detailed Description/Instructions: Students will suggest various field trips for us as American students in Park Hill and make proposals to the teacher for the class to vote upon. In groups,
students make suggestions of field trips, discuss length of trip, best form of transportation and projected costs. Presentations should include key vocabulary in German visually - so class can follow, distance, cost and forms of transportation. Extras could include what students need to bring or have (umbrella, good shoes, money for lunch, etc.)

**Bloom’s Levels:** Remember, Understand, Apply, Analyze, Create

**Webb’s DOK:** 1, 2, 3

**Rubric:** To be created
Topic 3: Family Travel

Engaging Experience 1
Title: Essay write - Where have you been on vacation?
Suggested Length of Time: 3-4 Days

Standards Addressed

Priority:
- Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions (1.1)
  - Demonstrate competencies previously introduced (1.1a)
  - Exchange information about personal events, memorable experiences and/or other topics. (1.1c)

Supporting:
- Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics (1.3)
  - Demonstrate competencies previously introduced (1.3a)
  - Write brief messages such as postcards, short letters or e-mails on very familiar topics. (1.3c)
- Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).
  - Understand and use technology systems.
  - Select and use applications effectively and productively.
  - Troubleshoot systems and applications.
  - Transfer current knowledge to learning of new technologies.

Detailed Description/Instructions: Have students write an essay - 3 - 5 paragraphs, in German, sharing a travel destination they have had. Students need to include location, weather, activities, where they stayed and what they saw/did on the vacation. Step 1 - brainstorm key vocabulary from various travel destinations in German. Short paragraph starts can be proofed by classmates to review needed vocabulary, sentence structure, etc. Teacher should input a review of verbs and the formation of the present perfect verb tense (introduced in German 1) - the use of transitive vs. intransitive verbs. Teacher should also review prepositions such as either/or prepositions with motion or location - to reminds students of the use of Accusative and Dative Cases with prepositional phrases. Papers should perhaps have staggered grade deadlines - 1 - outline, 2 - rough draft and 4 final copy. Peer editing would be a useful tool to save time with spelling errors, word order and use of grammar.

  - Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.
  - Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.
  - Process data and report results.
- Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior (ISTE 5 - Digital Citizenship).
  - Advocate and practice safe, legal, and responsible use of information and technology.
  - Exhibit a positive attitude toward using technology that supports collaboration, learning, and productivity.
  - Demonstrate personal responsibility for lifelong learning.
  - Exhibit leadership for digital citizenship.
- Students demonstrate a sound understanding of technology concepts, systems, and operations (ISTE 6 - Technology Operations and Concepts).
  - Understand and use technology systems.
  - Select and use applications effectively and productively.
  - Troubleshoot systems and applications.
  - Transfer current knowledge to learning of new technologies.
Detailed Description/Instructions:

Research Project – German Cities German 2

1. Research 3 cities from city file in O drive. Spend 5 minutes each city - on web sites seeing pictures of the city, is there enough information for PowerPoint requirements?
2. Choose your top, 2nd and 3rd choice cities from the list by emailing me your city names today.
3. Start a file in your O drive of web sites, information and pictures you could use.

PowerPoint project – label 8 - 10 famous things/buildings; 5 roads – street names on a map, 1-2 hotels or youth hostels – by address, and cost per night for student, 1 – 2 restaurants or cafes to eat in – with address and location given. No requirement on number of slides, but use the PowerPoint to guide your presentation by showing us the places, buildings, names, and locations – WITHOUT WRITING YOUR PRESENTATION ONTO THE SLIDES.

Presentation – 4 – 7 min. speech in German – pointing out where things lie, what you want to visit, see, photograph, where you would eat, shop or sleep. Why it’s worth visiting, what you’d like to see, what some famous things are, where they are located. Do not read your slides to us – do not include full sentences on slides. Label and identify your material on the slides in German.

Possibilities:

Radio advertisement – 15 points possible. Convince people to visit your city on a vacation. Tell what you can do, see and visit, plus where you could either stay overnight or eat dinner. Include prices to sites, hotel or restaurant. 1 minute in length or more. (Use the formal command form) Record your radio advertisement on digital file, CD or cassette tape for Mrs. Williams to keep. In German, of course.

Travel Brochure – 15 points possible written in German, make a travel brochure selling your city as the best destination for travel. Be sure to include photos, prices, and names of places. (Use the formal command form) 1 8½ X 11 size paper, 3-fold. Information on all 6 sides, in German, with correct grammar. Use information from your research/PowerPoint to create.

Recipe from your city/region – 10 points possible on the day of presentations, bring a recipe to share with the class and a sample of the food to share with the class. Mention ingredients and type of dish it is. Ingredients and recipe should be in German. Students need to see the list of ingredients in German and English both to know what they are tasting, but talk can be in English.

Bloom’s Levels: Remember, Understand, Apply, Analyze, Create
Webb’s DOK: 1, 2, 3
Rubric: See rubric loaded into Google Drive
Engaging Scenario

(An Engaging Scenario is a culminating activity that includes the following components: situation, challenge, specific roles, audience, product or performance.)

Student presentation - dialog. In small groups, students share conversations in German in front of class discussing a trip - 1 - school field trip, 2 - family vacation, 3 visit to a famous historical city - German speaking… Presentations should include key topics from unit such as - sites, weather, and places, visited, where they ate and what they enjoyed or did not enjoy.

Scenarios:
A) talk between 2 - 3 friends who went on a class field trip. Like an interview - discussion - all went to same place, share different likes and dislikes - sharing what they saw, how much it cost and what they liked.

B) Family trip - group tells a relative (Grandma) about a recent family vacation. Group members can share in the same topics - what they visited, where they stayed, what they enjoyed or not. Grandma/relative role - prompt group members to share various topics as well as respond to opinions or share personal/own experience visiting that city/place.

C) A group plans a discussion that narrows down the decision of which historical city to visit. students choose 2 - 3 places - and present reasons behind why that city would be the best choice - including what to see, where to stay, cost, transportation...etc.

Rubric for Engaging Scenario: To be created

<tbody>
<tr>
<td>Transportation</td>
<td>Wie kommt man herum? How does one get around?</td>
<td>City map research - Using online maps of various major German speaking cities, have students research various city layouts and chart the forms of transportation. Have student create a picture chart of size of cities, population, land space and report the forms of public transportation available. Chart should give vocabulary in German. Posters or visual aids should then be shared as a class to be sure students are familiar with various forms of transportation.</td>
<td>2 Days</td>
</tr>
<tr>
<td>Transportation</td>
<td>Paragraph writes</td>
<td>With posters in room showing European forms of transportation in cities, as well as knowledge of American use of transportation forms, have students share in short paragraphs in German when various forms of transportation are used. Simple present tense paragraphs can be proof-read by classmates and shared aloud. (i.e. “I take my car to get to the movie theater. A German boy can ride the city bus to get to school.”) Class should stop and evaluate if shared information seems accurate, or what other possibilities are available. (Point out the cultural difference of European options for transportation depending on the weather - the surroundings - whereas Americans typically turn to the private use of a car as the main option.)</td>
<td>45 Minutes</td>
</tr>
<tr>
<td>Field Trips</td>
<td>Wie sollen wir den Ausflug machen?</td>
<td>Students research online German school web-sites and online school newspapers to find reports of various “Ausfluege” from high schools. After</td>
<td>1-2 Days</td>

**Unit of Study Terminology**

**Assessment Leveling Guide:** A tool to use when writing assessments in order to maintain the appropriate level of rigor that matches the standard.

**Big Ideas/Enduring Understandings:** Foundational understandings teachers want students to be able to discover and state in their own words by the end of the unit of study. These are answers to the essential questions.

**Engaging Experience:** Each topic is broken into a list of engaging experiences for students. These experiences are aligned to priority and supporting standards, thus stating what students should be able to do. An example of an engaging experience is provided in the description, but a teacher has the autonomy to substitute one of their own that aligns to the level of rigor stated in the standards.

**Engaging Scenario:** This is a culminating activity in which students are given a role, situation, challenge, audience, and a product or performance is specified. Each unit contains an example of an engaging scenario, but a teacher has the ability to substitute with the same intent in mind.

**Essential Questions:** Engaging, open-ended questions that teachers can use to engage students in the learning.

**Priority Standards:** What every student should know and be able to do. These were chosen because of their necessity for success in the next course, the state assessment, and life.

**Supporting Standards:** Additional standards that support the learning within the unit.

**Topic:** These are the main teaching points for the unit. Units can have anywhere from one topic to many, depending on the depth of the unit.

**Unit of Study:** Series of learning experiences/related assessments based on designated priority standards and related supporting standards.

**Unit Vocabulary:** Words students will encounter within the unit that are essential to understanding. Academic Cross-Curricular words (also called Tier 2 words) are those that can be found in multiple content areas, not just this one. Content/Domain Specific vocabulary words are those found specifically within the content.

**Symbols:**

- This symbol depicts an experience that can be used to assess a student’s 21st Century Skills using the rubric provided by the district.

- This symbol depicts an experience that integrates professional skills, the development of professional communication, and/or the use of professional mentorships in authentic classroom learning activities.
