FURNITURE, FIXTURES, AND EQUIPMENT FOR LEAD Innovation Studio

BID DATE: December 20th, 2019

BID TIME: 2:00 P.M. (local time)

BID PLACE: Hollis + Miller Architects
1828 Walnut Street Suite 922
Kansas City, MO 64108

INSTRUCTIONS TO BIDDERS

Bids will be received at the office of Hollis + Miller Architects, 1828 Walnut Street, Suite 922, Kansas City, MO 64108, on or before 2:00 P.M. (local time), on December 20th, 2019. No bids will be read out loud at the Bid Opening. Awards will be made within 60 days, and all bids will be taken under advisement. Bidders will receive an electronic format bid tab upon the request after approval by the District. In addition to a hard copy of bid, an electronic copy of bid submissions will be required to be considered for award. Electronic submissions are to be titled “16109.1 - Bid Proposal for Furniture, Fixtures, and Equipment, Park Hill LEAD Innovation Studio - Vendor Name” and delivered via flash drive/thumb drive, CD, or other digital format.

Each item specification indicates the total quantity required. Awarded vendors are responsible to place items in locations, as noted on the furniture floor plans.

If Bidder wishes to submit proposal for any or all furniture, fixtures, and equipment, do so by itemizing in the proper spaces on the accompanying Proposal Form. Quotations received on anything other than the provided Proposal Form will not be accepted.

The required unit cost being submitted should be based on NOT receiving all items. In addition to the required unit cost proposal form, ‘All or None’ bids per manufacturer may be provided. ‘All or None’ pricing must be shown on a separate proposal form noted as ‘All or None Pricing’. Include all costs associated with freight, delivery, handling and installation within the unit cost of each item. Do not submit these costs as a separate line item in your bid. All items bid must be unit priced, extended, and totaled across Proposal Form. In the event unit cost of any item multiplied with the quantity does not agree with the entered total cost, unit price will prevail.

The Owner reserves the right to accept or reject any or all bids or portions of bids. The Owner reserves the right to increase or decrease the quantity of any item bid up to twenty-five percent (25%) until the end of bidder’s contract without a change in the unit bid price. The Owner also reserves the right to not award contracts on every item listed in the specification document.
Do not include sales tax in the Bid. A tax-exempt number and certificate will be furnished to the contractor. Attach to your bid, a bond, certified check, or cashier’s check on solvent bank in the amount of five percent (5%) of bid offered and submitted. Same shall be retained until contract is awarded and returned to bidders when specified purchase order has been received and approved.

A Bidder may withdraw their Bid, either in person or by written request, at any time prior to scheduled time for opening Bids. Prior to time and date designated for the receipt of Bids, any Bid submitted may be modified. Written notice is required according to the following provisions:

- Written request must be contained in a sealed envelope marked “Modification of Bid” on project title and bid date.

No Bidder may withdraw bid for a period of sixty (60) calendar days after the date set for opening, and bids shall be subject to acceptance by the Owner during this period. Contracts are planned to be awarded to vendors by March 9th, 2019 three weeks after District approval (February 13th, 2019).

After notification of award, provide Hollis + Miller all submittals necessary to complete final order entry for contracted items. Approval of purchase order does not relieve vendor/dealer’s of responsibility for deviation from specifications unless they have, in writing, called attention to deviation at time of submission. It is also the vendor/dealer’s responsibility to inform Hollis + Miller of any errors in schedules or purchase orders.

The Owner reserves the right to cancel any purchase order or portion of a purchase order if delivery schedule of an awarded item cannot be met.

All bids (hard and digital copies) are to be received in sealed envelopes marked, “16109.01- Bid Proposal for Furniture, Fixtures, and Equipment, Park Hill LEAD Innovation Studio - Vendor Name”.

Critical Dates:
Bid Issue: Monday, December 2nd, 2019
Bid Questions Due: Monday, December 9th, 2019 @ 5:00pm (sent to designer e-mail)
Addendum/Questions Response: Monday, December 16th, 2019
Bid Submission Due: Friday, December 20th, 2019 @ 2:00pm
GENERAL REQUIREMENTS

A. Successful bidder agrees to furnish labor, materials and equipment necessary to provide furnishings as herein specified. Labor includes installing equipment and furnishings ready for Owner’s use.

B. Furnishings to be manufactured as specified. All equipment must meet the specification and description in dimensions, material, construction, design, and workmanship specified.

ACCEPTABLE MANUFACTURERS

A. Manufacturer: Provide products of one specified manufacturer or a manufacturer that complies with the requirements.

B. The proprietary name used to designate a particular manufacturer’s model and style does not imply products of other manufacturers are excluded from bidding unless noted. Descriptions are used to establish quality and comparison. Submission of bids for alternate manufacturers should comply with or surpass the specification regarding quality.

C. All materials and equipment must comply with applicable local codes. Notify H+M Architects of any discrepancies regarding product awarded to vendor’s firm/company.

DESCRIPTION OF WORK

A. This specification covers furnishing and delivery, touch-up and repair or replacement of the items specified to the facility, unloading, assembling, leveling, completely installing and removing all crating, wrapping, etc., from premises. Storage, loading, and unloading at the job site is the sole responsibility of the successful bidder on items involved. Furnishings are to be distributed and placed in the individual rooms as designated in the floor plans.

Coordinate all loading and unloading activities with Hollis + Miller, Phone: 816.442.7700

B. Include all costs associated with freight, delivery, handling and installation within the unit cost of each item. Do not submit these costs as a separate line item in your bid.

C. Do not include sales tax in the Bid. A tax exempt number will be issued to all awarded vendors and dealers.

D. Assume all responsibility and costs in complying with Federal, State, and Local regulations for Equal Opportunity Employment, Anti-Discrimination, Safety, and other regulations.

E. At Owner’s discretion, successful bidder, at any time prior to delivery, may be asked to provide a performance bond of the amount of contract price, covering faithful performance of contract and payment of all obligations arising thereunder on the standard form of the American Institute of Architect’s Performance Bond and Payment Bond and with such sureties as he may approve. The premium for bond shall not be included in Base Bid but constitutes an extra to the Contract.

SUBMITTALS
A. **Samples:** Furniture, Fixtures, and Equipment List is based on items of design, appearance, and function desired. Specific items prescribed by trade names and numbers are to establish quality and comparison. Include descriptive literature on all items at variance with specific item. Dimensional sizes and function must be identical to each item specified so placement and function is assured.

All items bid, other than specified manufacturer, must outline in detail each item to indicate the product is equivalent to or surpasses the specified item. Submit photographs, cut sheets, warranty, and all necessary technical data for comparison purposes. Omitting this required information will nullify the bid on the substituted item. Include any limitations of color, grade, finishes, etc.

Bidders may be asked to submit a representative sample of their merchandise for comparison prior to making awards. These samples are to be production run, reflective of equipment proposed.

B. **Documents for Submittal:** Furnish shop drawings and order entry documents in an electronic format and not hard copy. Make any corrections and resubmit revised prints until a final approval of submittals is obtained.

C. **Order Acknowledgement:** Issue to Hollis + Miller, copies of manufacturers' acknowledgements indicating all product has been ordered by 60 days after contracts have been awarded.

D. Furnish information/maintenance manuals written specifically for purchased equipment including descriptive drawings, cutaway pictures or views, performance curves, operating characteristics, and all other such data as required to establish a complete informational manual.

E. Vendor/dealer is responsible to inform Hollis + Miller, in writing, of any issues relating to the availability, compatibility, wear, dimensional stability and serviceability of any item awarded to his firm/company.

**SITE VISITS**

A. Prior to placing orders with the manufacturers, each awarded vendor and lead installer is responsible to walk the site to confirm that all awarded product(s) can be installed at the locations as noted on plan, and all utility requirements are accessible to facilitate associated items.

Field verify sizes of doors, corridors, and rooms to confirm all furnishings can be installed in the designated areas. Items, which must be disassembled to fit, shall be ordered as such and reassembled at the site of the installation. Allow for and make special installation arrangements for items that cannot be disassembled.

It is the vendor's responsibility to inform the architect of any problem which would deter installation of an item, such as a dimension discrepancy, location of fire strobes, thermostats, or other obstacles.

B. After furniture orders have been placed, there will be a mandatory pre-install meeting at a time and date to be determined.

**PRODUCT DELIVERY, STORAGE, AND HANDLING**
A. Delivery and installation is to occur between July 6th-24th, 2020

B. Delivery and installation of furnishings and equipment is to take place Monday through Friday, during normal business hours (7:30am-4:30pm). Owner’s approval is required to schedule installation at times other than the normal days or hours. Verify all delivery scheduling with Hollis & Miller prior to ship date.

No additional costs will be incurred by the Owner to complete an installation during “overtime” hours unless written district approval has been received by Hollis + Miller prior to work being completed.

C. It is the responsibility of the Vendor/Dealer and/or Install Partner to place all items in the proper room locations from the delivery truck.

D. No School District or Construction personnel will assist in unloading from the delivery trucks or in placing product in the facility “Reference Job Conditions, Paragraph ‘A’ for further information for exceptions”.

E. Assume all furniture, fixtures, and equipment will be shipped in the manufacturer's standard knocked-down condition. Assemble all items prior to installation.

F. The Owner or Owner’s Representative will not be responsible or available for delivery verification. Each vendor will need a representative present at the job site if your firm or delivery company requires a signature.

G. Awarded vendor/dealer is responsible for negotiating any freight damage claims regarding furniture, fixtures, and equipment.

H. Storage of Materials, Equipment, and Furniture:

1. Should conditions require any items to be delivered and stored due to site conditions, deliver in unopened containers, clearly labeled with the building’s name, address, room number, manufacturer's name and container contents. Store in a safe, dry and clean location where directed. Do not open until needed for installation. Handling and installation of all materials in a manner that protects them from damage.

2. When items are delivered before approval date, Vendor/Dealer and/or Install Partner will supply storage space and absorb costs incurred for storage and for relocating to the site when facilities are ready. Maintain humidity and temperature of the storage site within an appropriate range to protect furniture, fixtures, and equipment from damage (warping, weathering, etc).

3. In the event of damage, through faulty workmanship, shipping or handling, immediately make all repairs and replacements necessary to ensure approval of Owner.

I. Handling Materials and Equipment:

1. Notify Hollis + Miller of any damage to walls, floors, materials, or received items noticed at the time of installation and prior to placement of product. The Vendor/Dealer and/or Install Partner will be responsible for all costs/expenses to restore damaged property to original condition caused by installation personnel.

J. Additional Professional Services
1. In the event the Owner incurs additional costs for professional services due to the Vendor/Dealer’s errors and/or omission in ordering, scheduling or installing the awarded items, the Owner will deduct these additional costs from the Vendor/Dealer’s contract amount. These additional costs will be calculated at the rate of $115.00/hour plus 1.10 times the reimbursable expenses for travel, reproduction, postage, deliveries and/or long-distance communications.

JOB CONDITIONS

A. Know all pertinent conditions at the project site necessary for installation of furnishings and equipment. This facility is three levels high. An unloading area is available on level one, level two is accessible on grade at the main front entrance, level three is only accessible by stair. The facility has an elevator but assume it will NOT be available. All bids must reflect stair carry for items going to the third floor. Hollis + Miller is to be notified prior of planned installation dates so deliveries and vertical circulation points can be scheduled accordingly prior to delivery. Staging areas will be available but are subject to change. Reference attached plan for staging and vertical circulation information.

B. The Owner and/or Architect is not responsible or liable for any damage, injury, or property damage due to delivery and installation of product.

C. Owner’s approval is required for any written or photo publication releases regarding this project.

INSTALLATION/APPLICATION/PERFORMANCE/ERECTION

A. Installation of Furniture, Fixtures, and Equipment:

1. Delivery of FF&E will not be postponed because site work that may not have been completed. Use methods and materials to protect all floors throughout the building from tracking mud, dirt and other debris that is possible from outside elements.

2. Protect building and all building finishes and materials from damage at all times.

3. Take special precaution to protect flooring from soiling, or damage.

4. Locate and install all furnishings and equipment in specified rooms identified on floor plans. Place items in rooms indicated in proper relation to building walls, with tops level.

5. Supply all necessary labor, tools, utilities, and materials necessary to install furnishings, appliances and equipment, ready for use for completion of this work.

6. Remove all crating, plastic coverings, and debris from the site, leaving premises ready for inspection unless otherwise instructed. Vendor/Dealer is responsible for supplying all waste removal as necessary.

ADJUSTMENT AND CLEANING

A. Clean, oil, polish, and level all furniture, fixtures, and equipment as recommended by the manufacturer leaving product ready for use. Remove tape, dust, marks, and other defacements.

GUARANTEE
B. Warranty all installation and product against defects in materials or workmanship for a period of five (5) years from date of approved acceptance, unless stated otherwise. Any warranties that do not support educational environments must be brought to the attention of H+M prior to final bid submission.

C. Provide any requested certificates as required by code officials as part of this work. Requests for certificates may be up to one (1) year from installation date of any item.

C. At any time, the Owner and/or Architect may request documentation from any awarded Vendor/Dealer guaranteeing labor, materials, and other associated costs which have been paid to avoid future liens.

PAY APPROVALS

A. Once your installation is complete, immediately perform your own punch list. E-mail kmoeder@hollisandmiller.com. Payment will not be approved unless this written punch list indicating what is missing, damaged or any other pertinent information has been issued.

B. Your invoice should read as:

Sold To:  Park Hill School District

Ship To:  LEAD Innovation Studio
          North Line Creek Parkway
          Kansas City, MO  64151

Email All Invoices To:  Hollis + Miller Architects kmoeder@hollisandmiller.com

C. Invoices will be approved once all items listed on the issued invoice are installed and found to be in good condition.

D. Allow six to eight weeks from the time invoices are received to when payment is released (to vendor/dealer) for the approval process and the Board of Education’s scheduled meeting dates.
PROPOSAL FORM

Proposal
Furniture, Fixtures, and Equipment Package
Park Hill School District
Bid Date: December 20th, 2019

Bid Security

The Undersigned agrees to the following:

If the Undersigned defaults in executing and delivering the above named Agreement and/or the Performance Bond (if required), the Owner would sustain liquidated damages for five percent (5%) of the amount of the Bid submitted, the measure of which is the amount of the accompanying Bid Bond, Certified Check, or Cashier’s Check, payable to “Park Hill School District”, Owner. This check or Bid Bond is to be left in escrow with the Hollis + Miller Architects. If the Undersigned defaults in executing that Agreement within ten (10) days of written notification of the award of Contract to him, the check or the Bond will become the property of the Owner and will be delivered to him. If the Undersigned executes and delivers the Agreement and Bond (if required) within the time specified, or if this Proposal is not accepted within sixty days of time set for submission of Bids, the check, or Bid Bond, shall be returned to the Vendor/Dealer.

Note: If the Vendor/Dealer is a Corporation, an authorized officer must sign Proposal, showing his title.

Item: 66" Lounge w/ Back
Manufacturer: Steelcase
Contact Name: Kate Ward
Contact Number: P: 913.221.3460
Contact Email: kward1@steelcase.com

Manufacturer: Steelcase
Series: Regard
Model #: Frame: HS4FS66 - Qty: 1
(27 1/2D x 66W)
Cushion: HS4H33 - Qty: 2
(20D x 33W)
Seat Back: HS4BS66 - Qty: 1
(7 1/2D x 66W)

Description: Frame-based, modular design shall provide seating and cabinets a uniform appearance and shall allow for ease of reconfiguration. All sides shall be finished so unit can be used in a variety of applications. Base frames shall consist of steel support rails and diecast aluminum legs (exception: seating extension units). Frames shall feature aluminum trim extrusions which lock components tightly into place. Base frame shall allow for mounting of modular and hardwire power components.

Frames shall be welded assemblies of steel tubing, 1" x 2" x 16 ga. thick. Legs shall be diecast aluminum parts which attach to the frame with bolts. 20"D seat base shall be constructed of 12mm thick Baltic Birch Grade C plywood with metal t-nut inserts to provide metal-to-metal fastening. Tabbed steel bars, fastened to the base, shall provide a mounting means to the slotted base frame. Seat and bench cushions shall be comprised of at least 3 3/4" thick, 2.6 lb/cu ft. density molded polyurethane foam for optimal comfort.

Seat Upholstery: Stinson, Hopsack, Rain
Back Upholstery: Maharam, Parquet, Branch
Base: Cast Aluminum Legs
Glide/Caster: Glides with 1 1/2" adjustment range.

Open w/ 36, 3" SW 66000 totes.
The END PANELS are made of 18-gauge 1" square tubing, welded flush to an 18-gauge end panel. The inside of each end panel is reinforced by 22-gauge hat channels. These hat channels are dual purpose: added strength and for tote rail shelf mounting. The dome top is 18-gauge formed and welded construction, bolted to each end panel and rear panel with a total of 10 machine screw fasteners. The base is a durable 18-gauge steel construction formed and welded to support the entire weight of the unit squarely. Underneath is a heavy welded hat channel reinforcement. The base shelf is attached to both end panels using 4 machine screw fasteners. The Rear Panel is 18-gauge steel reinforced with up to three vertical hat channels. Two grommet holes (a lower and upper) are punched for convenient wire management and electronic storage. Casters are 5" in diameter, with 2 locking.
